Sleeping With The War:

Awakening to the Great Sleep War Gert Jonke, 2013-01-03 One of the loveliest riddles of Austrian literature is finally available in English translation Gert Jonke's 1982 novel *Awakening to the Great Sleep War* is an expedition through a world in constant nervous motion where reality is rapidly fraying flags refuse to stick to their poles lids slide off of their pots tram tracks shake their stops away like fleas and books abandon libraries in droves Our cicerone on this journey through the possible and impossible is an acoustical decorator by the name of Burgmüller a poetical gentleman the lover of three women able to communicate with birds and at least as philosophically minded as his author Everything has suddenly become so transparent that one can't see through anything anymore This enormously comic and equally melancholic tale is perhaps Jonke's masterwork

Restless in Sleep Country Paul Huebener, 2024-05-14 Sleep and the lack of it is a public obsession and an enormous everyday quandary Troubled sleep tends to be seen as an individual problem and personal responsibility to be fixed by better habits and tracking gadgets but the reality is more complicated Sleep is a site of politics culture and power In *Restless in Sleep Country* Paul Huebener pulls back the covers on cultural representations of sleep to show how they are entangled with issues of colonialism homelessness consumer culture technology and privacy the

exploitation of labour and the effects of the Covid 19 pandemic Even though it almost entirely evades direct experience sleep is the subject of a variety of potent narratives each of which can serve to clarify and shape its role in our lives In Canada cultural visions of slumber circulate through such diverse forms as mattress commercials billboards comic books memoirs experimental poetry and bedtime story phone apps By guiding us through this imaginative landscape Huebener shows us how to develop a critical literacy of sleep Lying down and closing our eyes is an act that carries surprisingly high stakes going beyond individual sleep troubles Restless in Sleep Country illuminates the idea of sleep as a crucial site of inequity struggle and gratification

Solon and Early Greek Poetry Elizabeth Irwin, 2005-08-11 The poetry of archaic Greece gives voice to the history and politics of the culture of that age This 2005 book explores the types of history that have been and can be written from archaic Greek poetry and the role this poetry had in articulating the social and political realities and ideologies of that period In doing so it pays particular attention to the stance of exhortation adopted in early Greek elegy and to the political poetry of Solon Part I of this study argues that the singing of elegiac paraenesis in the elite symposium reflects the attempt of symposiasts to assert a heroic identity for themselves within this wider polis community Part II demonstrates how the elegy of Solon both confirms the existence of this elite practice and subverts it Part III looks beyond Solon's appropriations of poetic traditions to argue for another influence on Solon's political poetry that of tyranny
