Slimming World: World of Flavours Slimming World, 2012-08-31 If you've ever thought that curries, pasta or hamburgers were the scourge of slimmers, think again! The Slimming World approach to food optimising means that you don't have to miss out on your favourite foods; you can enjoy quick and easy exotic meals every day of the week. This cookbook from the UK's leading slimming organisation takes in all manner of international cuisine. You'll be able to indulge in Italy's irresistible plates of pasta, India's spicy curries, China's noodle and stir fry dishes, as well as an array of mouthwatering recipes from France, Spain, Greece, Morocco, Thailand, the USA and Mexico. Packed with all the nutritional, diet and lifestyle information you need if you're following the Slimming World food optimising plan, as well as more than 120 delicious low fat recipes, this book is ideal for anyone who is trying to lose weight or simply those looking for an exciting selection of healthy, flavoursome dishes.

Man v Fat Andrew Shanahan, 2014-12-15 *Man v Fat* is a practical and supportive resource for men written by a normal bloke who just wanted to lose some weight. One day Andrew Shanahan took a guttie to text to a mate. But once he had taken the photo, he couldn't stop looking at it. He realised how unhappy he was about his body and resolved to change it. However, he soon learned that the dieting industry had turned its back on men. Men were expected to get fit, tone up and turn fat into a six pack in six weeks. There was nothing for men who simply wanted to lose their beer belly, play football again and feel more confident. So Andrew decided to do something about this. In *Man v Fat*, Andrew Shanahan will give you everything you need to know in order to lose weight, breaking it down into three essential components: Stage 1: Understand why you got fat; Stage 2: Learn how to lose weight; Stage 3: Create a winning structure. *Man v Fat* is not a diet book or a commercial diet plan. It will explain and myth-bust the various diets available so you can choose the one that will work best for you or even create your own. It will help you to supercharge your motivation, set specific goals and teach you how to track and review them, identify threats and create a support network and, of course, troubleshoot common hurdles. There are plans to get you walking, running or cycling, optional activity or make the most of obligatory activity. Plus a perfect week plan and perfect month plan to get you started. In the battle of man against fat, this book is your ultimate weapon.
