10. Answers may vary. Sample answer: Dating organic matter in the soil at the site of a fault excavation where a past disturbance was detected could lead to an accurate dating of that disturbance.
11. Answers may vary. Sample answer: The main assumption is that there were earthquakes and seismic activity at the site in the past. This assumption can be made because faults are known to be the sites of seismic activity and earthquakes over time.
12. Answers may vary. Sample answer: From such studies, recurring patterns of earthquake location, magnitude, and

timing might emerge. The idea that such patterns would continue into the future would allow predictions to be made.

13. Answers may vary. Sample answer: Disagree. One of the most powerful earthquakes in recorded history occurred in the middle of the continental United States at New Madrid, Missouri, far from any active plate boundaries.
14. Answers may vary. Sample answer: Agree. A building built on loose soil or loose rock is much more likely to be damaged in an earthquake than one built on solid ground. The loose soil and rock vibrate like jelly, causing the building to sway.
15. Answers may vary. Sample answer: Agree. The vibrations of earthquakes with deeper foci are usually relatively weak by the time they reach Earth's surface. The vibrations of earthquakes with shallow foci still have a lot of energy left when they reach the surface.
16. Answers may vary. Sample answer: Disagree. There are very few examples of foreshocks accurately predicting an earthquake within a timeframe that allowed people to take precautions.
17. Answers may vary. Sample answer: Disagree. A few simple rules can help to prevent death, injury, and property damage. People who live near active faults should have emergency food, radios, and lights on hand. During an earthquake, knowing what positions are safe and when to get to them can protect people. Being alert for hazards such as fires and downed power lines can help after an earthquake.
18. Answers may vary. Sample answer: The scientist has found a seismic gap. Because the gap is along a fault and hasn't had much recent activity, it is possible that this area may be the site of a future earthquake, as pressure builds up in the rocks.
19. Answers may vary. Sample answer: If the arrival times of the P waves and S

[Fitness for Life](#) Charles B. Corbin,Guy C. Le Masurier,2014-03-25 Fitness for Life is a comprehensive fitness education program that helps students take responsibility for their own activity fitness and health

Through Fitness for Life students are prepared to be physically active and healthy throughout their adult lives. This evidence-based and standards-based program follows a pedagogically sound scope and sequence to enhance student learning and progress. What's new in the Sixth Edition? New to this book are three chapters: Strategies for Active Living, The Science of Active Living, and Lifelong Activity that will help students transition from being active in school to sustaining the skills and motivation to remain active and fit for their lifetime. These chapters reinforce the Stairway to Lifetime Fitness concept created by author Chuck Corbin to serve as a guide for physical education standards nationwide. Some specifics include the following: The New Physical Activity Pyramid for teens; Photos and art to illustrate concepts and engage students; Video that illustrates self-assessments and exercises; Information about the sciences on which physical education and fitness education are based; Information on scientific analysis of human movement using biomechanical principles; Information on simplified scientific method for use in decision making; Web icons and content Technology features encouraging application as well as understanding; Science in Action feature that provides in-depth coverage of fitness, health, and wellness innovations; Exercise photos with art illustrating the muscles used; Taking Action feature that applies concepts and principles in physical activity; Planning activities for all activities in the Physical Activity Pyramid. In addition, the authors went through an exhaustive process in revising and updating all the chapters to reflect current research and the new national physical education standards and fitness education standards. The entire book has been reorganized and completely rewritten. Award-Winning Text: Evidence-Based Approach. The evidence-based Fitness for Life text earned a Texty Award for excellence from the Text and Academic Authors Association. It is based on scientific evidence and meets national and state physical education standards and national health and physical education guidelines. Materials have been field-tested and used throughout the United States and the world. This comprehensive interactive new resource will help students in the following ways: Meet the national, state, and local grade-level standards and outcomes developed for K-12 physical education by SHAPE America based on the new standards outlined in Healthy People 2020 and published in 2014; Learn the values and benefits of lifelong physical activity through the HELP philosophy, which specifies the goal of promoting health for everyone with an emphasis on lifetime activity designed to meet personal needs; Become informed consumers on matters related to lifelong physical activity and fitness; Learn self-management skills that lead to adopting healthy lifestyles; Recognize and overcome the barriers to reaching activity and fitness goals; Use technology to promote healthy living; Separate fitness facts from fiction; Take personal responsibility for program planning and setting individualized goals. This best-selling text, written by internationally renowned authors and educators Charles B. Corbin and Guy C. Le Masurier, and contributing author and educator Karen McConnell, is suited for use in a general physical education or personal fitness class. It will help students meet national and state physical education standards, not only those focused on health-related fitness and physical activity but also those related to movement skills and concepts, diversity, and social responsibility.
