A Journey to Nowhere Jean-Paul Kauffmann,2013-10-01 Courland is an entity that no longer exists With the Gulf of Riga to the north the Baltic to the west and Lithuania at its southern border and now part of modern Latvia the region was by occupied by Nazi Germany and returned to Soviet Russia after the war remaining largely inaccessible until 1991 Once ruled by descendants of the Teutonic Knights it is now a nowhere land of wide skies and forests deserted beaches ruined castles and ex KGB prisons For years Jean Paul Kauffmann has been irresistibly drawn to this place the buffer between the Germanic and Slav worlds His digressive travels at the wheel of a Skoda become an investigation into the whereabouts of a former lover a search for an excavator of tombs and he follows in the footsteps of Louis XVIII for whom Courland was once a place of exile Author of *Voyage to Desolation Island* and *The Dark Room* at Longwood which won six prizes on its publication in France Kauffmann has come to be known as an erudite and witty observer of the world s most desolate reaches

Mena Dhu Tony Cottrell,2020-07-07 On the south coast of Cornwall overlooking Porthwallow village and Bay squats Mena Dhu the massive ancient home of the de Coverlet family The summer seems to be going its regular way the highlight of which being the annual cricket match between the Locals and the Big House Us versus They Jago Hunkin fisherman and jobbing builder H his right hand man Michael Donohoe the retired rock star the Vicar and his partner and Tegan the gorgeous barmaid of the De Coverlet Arms all meet regularly in the pub supposedly to pick the team but also to ensure that the village keeps abreast of the world Little do they know however that a senior Civil Servant from London has taken out a contract on the mild Sir Cosmo Lord of the manor Surely not simply to raise taxes And is a remarkable young lady whom we discover to be a secret agent there by chance or direction To play cricket or to save him Or does she really love Sir Cosmo the last of the de Coverlets said to be the richest man in England and arguably the true and rightful heir to the throne of Great Britain

Driving the Dragon Mark Andrews,2025-04-15 China is now at the forefront of electric vehicle adoption and a wave of Chinese manufactured cars is now hitting Europe and the West As the world s largest car producer since 2008 China s automotive industry deserves a closer look *Driving the Dragon* explores the history of Chinese car manufacture looking at some of the important cars on that journey the false starts and missed opportunities The story begins with the Rover 75 and how it played a key role in moving the Chinese car industry forward It concludes with a look at cars from the likes of BYD Zeekr and Nio which are becoming mainstream in the UK and Europe as some of the most competitive electric vehicles on the market not just in terms of price but also performance and desirability For many people China is still a very enigmatic country not helped by recent political events While the book focuses on the automotive industry it also looks at the country itself and examines the culture surrounding the industry The author spent 30 years in China teaching test driving and reviewing Chinese cars and writing while witnessing first hand the extraordinary growth of the Chinese car industry

The Czech Republic and Economic Transition in Eastern Europe Jan Svejnar, 2013-10-22 The Czech Republic and Economic Transition in Eastern Europe is the first in depth comparative analysis of the Czech Republic's economic transition after the fall of the Communist bloc Edited by Jan Svejnar a principal architect of the Czech economic transformation and Economic Advisor to President Vaclav Havel the book poses important questions about the Republic and its partners in Central and Eastern Europe The thirty five essayists describe the country's macroeconomic performance its development of capital markets the structure and performance of its industries its unemployment household behavior and income distribution and the environmental and health issues it faces In this in depth comparative analysis of the Czech Republic's economic transition an international team of thirty five economists examine the Republic and its partners in Central and Eastern Europe Important questions and issues permeate the essays For example prior to 1939 the Czech Republic possessed the most advanced economy in the region is it capable of reestablishing its dominance Relative to its neighbors the Republic ranks especially high on some transition related performance indicators but low on others What economic effects are related to the 1993 dissolution of the Czech and Slovak governments And what can be learned by comparing the economic outcomes of two countries that shared legal and institutional frameworks Data describe the country's macroeconomic performance its development of capital markets the structure and performance of its industries its unemployment household behavior and income distribution and the environmental and health issues facing it Its most important contributions are its clarifications of the transition process The authors included in *Transforming Czechoslovakia* combine the best available data and techniques of economic analysis to assess the replacement of the inefficient but internally consistent central planning system with a more efficient market system These authors among whom are central European economic analysts senior U S economists and Czechoslovakian professors and economic researchers discuss the country's macroeconomic performance its development of capital markets the structure and performance of its industries its unemployment household behavior and income distribution and the environmental and health issues facing it The essays vary between presentations of history and policy and technical examinations of data Together they offer the most comprehensive and detailed assessment of the country's economic transformation in print This book is important because its essayists compile results and reach conclusions that are broad and credible The empirical data were gathered on the ground and have been subjected to advanced methodologies including game theory industrial organization and Granger Sims causality
