Seeing the Forest for the Trees Dennis Sherwood,2011-03-30 Dennis Sherwood addresses complex issues in a way that is easy to understand and more importantly easy to apply and execute assuming you can match this enthusiasm and energy Phil Bulley former IS and transformation director Yorkshire Electricity Group plc Systems thinking can help you tame the complexity of real world problems by providing a structured way of balancing a broad overall view with the selection of the right level of detail truly allowing you to see the forest for the trees Only by taking a broad view can we avoid the twin dangers of a silo mentality in which a fix here simply shifts the problem to there and organisational myopia in which a fix now gives rise to a much bigger problem to fix then Seeing the Forest for the Trees will give you all the tools and techniques you need with many practical examples as diverse as managing a busy back office negotiating an outsourcing deal and formulating business strategy
