Mishra, 2016-04-29 Android Auto Tour Guide App Development for Android Auto is a book about Android Auto the platform which aims to extend the Android phone app experience into the Automobile dashboard and infotainment system Android Auto has widespread support from most of the major automobile manufacturers worldwide It covers the exciting new frontier of the convergence of the in vehicle infotainment system with the rest of the consumer digital ecosystem This book is intended for software engineers product managers and business executives alike who are interested in evaluating the possibility of extending product or platform offerings into the automobiles of zillions of Android phone users Журнал «Тест-Драйв» No16-17/2015 ИД «Бурда», 2015-08-20 **AUTO-ONLINE** 10 /2015 159 , 2015-09-29 FORD Focus MK3 5 GLE Coupe SMART Fortwo Golf Plus VW Sportsvan Biker Pro

Elements of Ritual and Violence Margo Kitts, 2018-03-31 Ritualized violence is by definition not haphazard or random but seemingly intentional and often ceremonial It has a long history in religious practice as attested in texts and artifacts from the earliest civilizations It is equally evident in the behaviors of some contemporary religious activists and within initiatory practices ongoing in many regions of the world Given its longevity and cultural expanse ritualized violence presumably exerts a pull deeply into the sociology psychology anthropology theology perhaps even ontology of its practitioners but this is not transparent This short volume will sketch the subject of ritualized violence that is it will summarize some established theories about ritual and about violence and will ponder a handful of striking instantiations of their link

Buddhist Law in Burma D. Christian Lammerts, 2018-08-31 Burma and neighboring areas of Southeast Asia comprise the only region of the world to have developed a written corpus of Buddhist law claiming jurisdiction over all members of society Yet in contrast with the extensive scholarship on Islamic and Hindu law this tradition of Buddhist law has been largely overlooked In fact it is commonplace to read that Buddhism gave rise to no law aside from the vinaya or monastic law In *Buddhist Law in Burma* D Christian Lammerts upends this misperception and provides an intellectual and literary history of the dynamic jurisprudence of the dhammasattha legal genre between the thirteenth and nineteenth centuries Based on a critical study of hundreds of little known surviving dhammasattha and related manuscripts *Buddhist Law in Burma* demonstrates the centrality of law as a crucial discipline of Buddhist knowledge in precolonial Southeast Asia Composed by lay and monastic jurists in prose and verse in Pali Burmese and other regional vernaculars dhammasattha were intended for use by judges to guide the adjudication of legal disputes Lammerts argues that there were multiple sometimes contentious modes of reckoning Buddhist jurisprudence and legal authority in the region and assesses these in the context of local cultural textual and ritual practices Over time the foundational jurisprudence of the genre underwent considerable reformulation in light of arguments raised by its critics bibliographers and historians resulting in a reorientation from a cosmological to a more positivist conception of Buddhist law and legislation that had far reaching implications for innovative

forms of dhammasattha related discourse on the eve of British colonialism Buddhist Law in Burma shows how despite such textual and theoretical transformations late precolonial Burmese jurists continued to promote and justify the dhammasattha genre and the role of law generally in Buddhism as a vital aspect of the ongoing effort to protect and preserve the s sanna of Gotama Buddha The book will be of value to students and scholars interested in the rich legal intellectual and cultural histories of Buddhism in Burma and Southeast Asia or in the historical intersections of law and Buddhism *Oxford EAP*

Life After Privatization Raj S. Chari, 2015 *Life After Privatization* offers a refreshing and original theoretical conceptualization of what happened to state-owned enterprises after they were privatized from the late 1970s onwards Some privatized firms have become today's European and global giants Alphas merging with or acquiring other firms whereas other firms Betas have been taken over by Alphas or other sectoral leaders The book raises questions such as which privatized firms in the airline automobile and the electricity sectors in the UK France Germany Italy and Spain are Alphas and Betas today And why Building on a variety of themes from both Political Science and Business Studies it considers a comprehensive set of explanations both internal and external to the firm to analyse why a firm may become an Alpha or a Beta The evidence shows that while internal factors are

important the more external political factors are necessary and sufficient to explain why a firm becomes an Alpha or a Beta This includes the impact of liberalization the roles of states and the actions of regulators that are lobbied by firms Based on exhaustive evidence Life After Privatization concludes with a novel inductive theory which offers a significant step forward for social science scholars and practitioners understanding of the politics businesses face in global markets

AUTO-ONLINE 06/2015 155, 2015-05-28 FORD Mustang HONDA SKODA Fabia EBOOK:
Principles and Practice of Marketing, 9e David Jobber, Fiona Ellis-Chadwick, 2019-08-01 EBOOK Principles and Practice of Marketing 9e **Captured at Sea** Jatin Dua, 2019-12-10 How is it possible for six men to take a Liberian flagged oil tanker hostage and negotiate a huge pay out for the return of its crew and 2 2 million barrels of crude oil In his gripping new book Jatin Dua answers this question by exploring the unprecedented upsurge in maritime piracy off the coast of Somalia in the twenty first century Taking the reader inside pirate communities in Somalia onboard multinational container ships and within insurance offices in London Dua connects modern day pirates to longer histories of trade and disputes over protection In our increasingly technological world maritime piracy represents not only an interruption but an attempt to insert oneself within the world of oceanic trade Captured at Sea moves beyond the binaries of legal and illegal to illustrate how the seas continue to be key sites of global regulation connectivity and commerce today
