

# VOLVO PENTA INBOARD DIESEL

## D2-55

41 kW (55 hp) crankshaft power acc. to ISO 8665

### D2-55 – a new standard for yacht comfort

The Volvo Penta D2-55 marine diesel delivers 55 hp with exceptional comfort. Low cruising rpm gives quiet running and low vibrations, and exhaust emissions are extremely low. Compact size means easy installation, and the 115 A alternator with a built-in charging sensor provides rapid charging for onboard electrical needs. Setting a new standard for yacht comfort.

The D2-55 is a marine engine of advanced design manufactured from quality components and designed to fulfil customer requirements.

#### Service Life

The D2-55 is fitted with fresh-water cooling as standard. This reduces internal corrosion and enables the engine to maintain a consistent and optimal working temperature under all conditions.

To avoid galvanic corrosion the engine is equipped with the unique electrical isolation between engine and S-drive.

#### Comfort

Smooth running with very low vibration levels results from a dynamically balanced design incorporating a flywheel of high rotating mass and high efficiency rubber isolation.

The engine's high torque provides excellent operating characteristics to aid maneuvering, particularly in confined spaces.

Additional on board comfort features are available from an extensive range of matched accessories.

#### Charging capacity

The new 115A alternator with an electronic sensor makes it possible to use a higher battery capacity and have fully charged batteries on board. Even at idle speed, the alternator gives more than 35A, and at cruising speed it delivers approx. 100A.

#### Transmissions

Eight matched transmission options are available, each built for durability and smooth running.

#### Environment

An advanced combustion system increases fuel burning efficiency to minimize noxious exhaust emissions and enhance overall enjoyment of boating. The D2-55 complies with BSO II, SAV and the comprehensive emission requirements being introduced in Europe in 2006 and in the US in 2007.

D2-55 with S-drive 1305
