2016 Summer Olympics

Quick Facts

The games of the XXXI Olympiad will be held in Rio de Janeiro, Brazil from August 5th to August 21st. Rio is not the capital of Brazil, but it is one of the country's largest cities. Brazil is located in South America, and is the first city in that continent to host the Olympics. Can you find it on a map?

The games begin with an opening ceremony. The ceremony includes welcoming speeches, raising of flags, a parade of athletes, traditional lighting of the Olympic flame, and performances that illustrate Brazil's unique culture.

This year there are more countries and athletes participating in the Olympics than ever before. There are 207 nations represented and about 10,000 athletes participating in the games. They will compete in 28 sports (golf and 7s rugby union were added this year) for gold, silver, and bronze medals. Some countries award gold medalists with cash prizes. Olympians in the USA win \$25,000 for earning a gold medal, while Thailand pays over \$300,000. However, most athletes train for several years to be the best in the world, and dedicate their lives to representing their countries.

During the closing ceremony, the Olympic flame is extinguished bringing an end to this international sporting event. Although many people like to keep track of how many medals are won, no one athlete or country is declared a winner. Who are you rooting for?
