The Eternal Tao Te Ching Benjamin Hoff,2021-12-07 The bestselling author of The Tao of Pooh offers a uniquely authentic translation of the enduring Tao Te Ching based on the meanings of the ancient Chinese characters in use when the Taoist classic was written From Benjamin Hoff author of The Tao of Pooh and The Te of Piglet which have sold millions of copies worldwide comes The Eternal Tao Te Ching a new translation of the Chinese philosophical classic the Tao Te Ching The Eternal Tao Te Ching is the first translation to employ the meanings of the pre writing brush characters in use 2 400 years ago when the classic was written rather than relying on the often different meanings of the more modern brush characters as other translations have done Hoff points out in his chapter notes the many incidents of meddling and muddling that have been made over the centuries by scholars and copyists and he corrects the mistakes and removes such tampering from the text Hoff also makes the provocative claim and demonstrates by revealing clues in the text that the Tao Te Ching s author was a young nobleman

hiding his identity rather than the long alleged author the Old Master of legend Lao tzu And Hoff s chapter notes shed new light on the author s surprisingly modern viewpoint With a selection of lyrical color landscape photographs by the author this is a unique and uniquely accessible presentation of the Tao Te Ching *The Origin of the System of Land Grants for Education* Joseph Schafer,1908 **Instructors Confidential Manual Supplemental Handbook , The Origins and Development of Emigrant Languages** Hans Frede Nielsen,Lene Schøsler,1996-01-01 The Origins and Development of

Hidden Wisdom Gedaliahu A. Guy Stroumsa,Guy G. Sṭrûmzā,2005 This book investigates the problem of esoteric traditions in early Christianity their origin and their transformation in Patristic hermeneutics in the West as well as in the East It argues that these traditions eventually formed the basis of nascent Christian mysticism in Late Antiquity These esoteric traditions do not reflect the influence of Greek Mystery religions as has often been claimed but rather seem to stem from the Jewish background of Christianity They were adopted by various Gnostic teachings a fact which helps explaining their eventual disappearance from Patristic literature The eleven chapters study each a different aspect of the problem including the questions of Gnostic and Manichaean esotericism This book will be of interest to all students of religious history in Late Antiquity Revised and extended paperback edition Originally published in 1996 Please click here for details
