

LEAN BURN CONTROL SYSTEM

Suzuki four-strokes are rightly famous for their fuel efficiency and technology that lets you go further, for less.

EXCLUDES 9.9A

FUEL EFFICIENCY

The DF20A, 15A and 9.9B hold claim to being the world's first battery-less electronic fuel injection four-strokes in each of their power classes.

POWER TILT

In addition to the DF20A's 15A/9B, Suzuki's portable lineup also includes four power tilt models which are the DF20A and 9.9B remote control models, and the DF20A/15 and 15A/9B tiller handle models.

BATTERY-LESS EFI

This technology delivers quicker start, smoother operation, and more acceleration without a battery.

EXCLUDES 9.9A

ANTI CORROSION

Suzuki protects the outboard's exterior from harmful corrosion with its own specially formulated anti-corrosion finish. Applying the finish directly to the outboard's aluminum surface, allows maximum bonding of the finish to the surface to increase durability and help protect parts that are constantly exposed to saltwater.
