*International Handbook of Urban Education* William T. Pink, George W. Noblit, 2008-09-03 It is evident that urban education has become the central focus of educators at the present time In the U S for example almost one third of all school age children attend schools in large urban school districts It is in these urban schools where the diversity of cultures and languages is highest and where student learning is most problematic What has emerged from recent work to improve urban schools is the insight that there is no one size fits all panacea Rather we have discovered that the local context shapes in critically important ways what will be effective at the school level The universality of the problematics with urban education together with the importance of understanding the local or situated context of improvement interventions brings into sharp focus the importance and timeliness of an undertaking like the International Handbook of Urban Education An important focus of the International Handbook of Urban Education will be the interrogation of both the social and political factors that lead to different problem posing and subsequent solutions within each region An important question to be answered for example is what it takes in terms of resources political will and policy actions to improve urban education

Presidential Commission on Education and Training in Zimbabwe,1999      **Africa, UK, and Ireland** Rinos Mwanaka,2018-06-12 Africa UK and Ireland Writing Politics and Knowledge Production comprises 6 scholarly nonfiction essays 7 short stories 67 poems and 2 plays from writers and poets based in the UK Africa and Ireland the diasporas It focuses on politics and knowledge production acting as a vehicle in which the production of new knowledge between these three regions countries intersects in the literary sphere It dissects the scientific methods of producing knowledge through the act of producing new knowledge it looks at the management of knowledge the processing and sharing of knowledge and dissects artistically and critically It further stresses the importance of the ownership of knowledge and how this knowledge shapes politics The collection contains work from up and coming poets and writers alongside established ones also included are pieces from academic scholars essayists poets writers of fiction playwrights Africa UK and Ireland Writing Politics and Knowledge Production will prove useful to literary and language theorists poetry collections political sciences social sciences and human sciences general academia and readers education departments and students      *Facets of Power* ,2023-01-10 The diamond fields of Chiadzwa among the world s largest sources of rough diamonds have been at the centre of struggles for power in Zimbabwe since their discovery in 2006 Against the backdrop of a turbulent political economy control of Chiadzwa s diamonds was hotly contested By 2007 a new case of blood diamonds had emerged in which the country s security forces engaged with informal miners and black market dealers in the exploitation of rough diamonds violently disrupting local communities and looting a key national resource The formalisation of diamond mining in 2010 introduced new forms of large scale theft displacement and rights abuses *Facets of Power* is the first comprehensive account of the emergence meaning and profound impact of Chiadzwa s diamonds Drawing on new fieldwork and published sources the contributors present a graphic and accessibly written narrative of corruption and greed as well as resistance by those who have suffered at the hands of the mineral s secretive and violent beneficiaries If the lessons of resistance have been mostly disheartening ones they also point towards more effective strategies for managing public resources and mounting democratic challenges to elites whose power is sustained by preying on them      **Zimbabwe's Farm Workers** Dede-Esi Amanor-Wilks,2001      **Validating Technological Innovation** David Coniam,Peter Falvey,2016-04-02 This book discusses Hong Kong s use of onscreen marking OSM in public examinations Given that Hong Kong leads the way in OSM innovation this book has arisen from a recognised need to provide a comprehensive coherent account of the findings of various separate but linked validation studies of onscreen public examinations in Hong Kong The authors discuss their experience of the

validation process demonstrating how high stakes innovation should be fully validated by a series of research studies in order to satisfy key stakeholders

**Facets of Power** Richard Saunders, Tinashe Nyamunda, 2016-04-18 The diamond fields of Chiadzwa among the world's largest sources of rough diamonds have been at the centre of struggles for power in Zimbabwe since their discovery in 2006. Against the backdrop of a turbulent political economy, control of Chiadzwa's diamonds was hotly contested. By 2007, a new case of blood diamonds had emerged in which the country's security forces engaged with informal miners and black market dealers in the exploitation of rough diamonds, violently disrupting local communities and looting a key national resource. The formalisation of diamond mining in 2010 introduced new forms of large scale theft, displacement and rights abuses. *Facets of Power* is the first comprehensive account of the emergence, meaning and profound impact of Chiadzwa's diamonds. Drawing on new fieldwork and published sources, the contributors present a graphic and accessibly written narrative of corruption and greed as well as resistance by those who have suffered at the hands of the minerals' secretive and violent beneficiaries. If the lessons of resistance have been mostly disheartening ones, they also point towards more effective strategies for managing public resources and mounting democratic challenges to elites whose power is sustained by preying on them.

**THE WEAK CAN ALSO CLIMB** Sabastian Mutyambizi, 2025-02-05 This book is a true story of the author and his siblings who were orphaned when they were very young. However, their father, Leon, on his deathbed, prayed his last prayer: Lord God, I want my children to go to school. After that prayer, he turned and faced the wall and died. It was that fervent prayer that directly reached Heaven, and the writer strongly believes that The Mighty God of Israel swiftly dispatched an Angel to guard, guide, protect and nurture Leon's orphans, and they excelled. Leon had two wives, and after his death, whilst the widows were still moaning, they were subjected to more intense trauma exerted by some extended family members over inheritance. This led to sharp differences, and culturally, the widows were left with no option except to go back to their original families, leaving their children behind. The Lord of Turnaround, the Most Merciful and the Most Gracious God of Israel, threw the garment of grace on Leon's children, particularly Memory and Sabastian, as they climbed up the ladder of success academically, spiritually, and economically. They both reside happily with their families in Australia. They completely fulfilled their father, the late Leon's dream, as they traversed through university corridors in Zimbabwe, U.K., Australia, and USA. Over a relatively long time, they accrued several academic and professional qualifications. Conclusively, if the Grace of God locates you and submerge you honestly, one can do extraordinary things that will surprise relatives, friends, and even enemies. This book is a clear testimony that shows that **WITH THE GRACE OF GOD, THE WEAK CAN ALSO CLIMB**.
