**Agitation with a Smile** Stephen Bird, Adam Silver, Joshua C. Yesnowitz, 2015-11-17 *Agitation with a Smile* offers a reappraisal of Howard Zinn's political thought and situates his efforts in a contemporary context looking toward the nature of activism and dissent in the future. This is the first book to provide a substantive account and assessment of Zinn's philosophy and approach to collective action and to a larger extent democracy. The contributors to this book explore the most effective mechanisms by which to arouse public support for seemingly radical positions and how current technological advancements may alter our perception of Zinn's activism. The book is a valuable guide to a new generation of activists and scholars of politics in gauging the lasting relevance and legacy of Zinn's ideals, concepts and methodology. The text is neither fawning nor unduly critical unlike many discussions of Zinn in popular culture. Rather the contributors engage the various complexities and tensions present throughout Zinn's work and subject them to contemporary assessment. This is a multidisciplinary and international approach to Howard Zinn's intellectual and activist canon. **Your Body Knows the**
