Suse Krawagna Deviations:

Abweichungen Suse Krawagna, 2013 Drawings play a key role in Suse Krawagna's oeuvre you could even consider them the protagonist of her works Yet it would be inappropriate to focus solely on the graphic qualities of the drawing After all the crux of the matter is precisely that in Suse Krawagna's pictures drawing and painting are mutually dependent since they repeatedly call the other into question Suse Krawagna works in series She creates a series of very similar images over a longer period of time Krawagna is concerned with the effect and perception of minimal deviations and how strongly they are capable of altering an image What interests me are indeed details of things occurring in everyday life in other words identical things that appear in repetition or in a certain arrangement and which exhibit irregularities and deviations despite their sameness The break in the order so to speak Suse Krawagna
