Sutra Of The Wise And The Foolish:

Sutra of the Wise and the Foolish ,2006-01-01 One of the great treasures of Buddhist literature is mDo mdzangs blun or the Sutra of the Wise and the Foolish as it is known to the Mongols The text was translated to Mongolian from Tibetan as the liger n Dalai or Ocean of Narratives It is one of the most interesting enjoyable and readable Buddhist scriptures For centuries it has been an inexhaustible source of inspiration instruction and pleasure for all who have been able to read it The history of this unusual scripture is still uncertain Legend has it that the tales were heard in Khotan by Chinese monks who translated them but from what language into Chinese from which it was translated into Tibetan then into Mongolian and Oirat The Narratives are Jatakas or rebirth stories tracing the causes of present tragedy in human lives to events which took place in former lifetimes The theme of each narrative is the same the tragedy of the human condition the reason for this tragedy and the possibility of transcending it But unlike Greek tragedy Buddhist tragedy is never an end in itself i e a catharsis but a call to transcend that which can be transcended and need not be endlessly endured The people we meet in the Sutra of the Wise and the Foolish although supposedly living in the India of the Buddha s time might also be living at present in New York City a small rural town or Leningrad and the problems they face are the same problems that men have had to face always and everywhere Herein lies the timeless appeal of this profound Buddhist scripture

Naked Awareness Karma Chagme,2000-03-27 In this classic seventeenth century presentation of the union of Mahamudra and Dzogchen Karma Chagm one of the great teachers of both these lineages of Tibetan Buddhism begins with an overview of the spirit of awakening and the nature of actions and their ethical consequences Next drawing from his enormous erudition and profound experience Chagm gives exceptionally lucid instructions on the two phases of Dzogchen practice the breakthrough and the leap over followed by an accessible introduction to the practice of the transference of consciousness at the time of death The concluding chapters of this treatise present a detailed analysis of Mahamudra meditation in relation to Dzogchen practice This tour de force of scholarly erudition and contemplative insight is made all the more accessible by the lively commentary of the contemporary Nyingma Lama Gyatrul Rinpoche Although this book stands alone it is the concluding section of a single body of teachings by Karma Chagm the earlier section published under the title A Spacious Path to Freedom Karma Chagm

was a major teacher of the Karma Kagyu tradition of Tibetan Buddhism and his writings have also become central to the Payul Nyingma order making him an ideal figure to integrate these two great meditation systems

Polyglot from the Far Side of the Moon Lauren F. Pfister, 2022-03-24 Though recognized in the latter part of the 19th century as the greatest Orientalist in Britain the Geneva born Anglican priest Solomon Caesar Malan 1812 1894 was such an extraordinary person that he has defied any scholarly person to write a critical account of his life and works Consequently almost no one has written anything critically appreciative and insightful about him since his death A polymath with extraordinary talent for languages and sketching among other specialized skills Malan focused much of his life on assessing biblical translations in ancient Middle Eastern and East Asian languages while also producing English translations of alternative expressions of Christianity found in north Africa the Middle East and Asia A life long interest of his was comparing the proverbs of his name sake King Solomon with proverbial wisdom from as many cultures and languages as he could find That interest culminated in a three volume work that enshrined his achievements realized through his capacities as a hyperpolyglot within the context of a search for shared wisdom across many cultures In this volume produced by a team of collaborators from a wide range of scholarly interests and varying expertise we have presented a critically assessed account of the life and key works produced by Solomon Caesar Malan In fact it is the first work of its kind on Malan written since his death now having occurred more than 125 years ago Readers will journey through an itinerary that starts in Geneva before it became part of Switzerland moves to Great Britain and ultimately into one of the colleges in Oxford Subsequently it moves us into an exploration of the journey of his life that involved a huge range of places people and languages starting in Calcutta touching unusual figures from Hungary India and China Those seminal experiences led Malan into studies of languages related to even more distant cultural worlds in Central Southeastern and East Asia The historians among us have delved into Malan s life in Calcutta Geneva and Dorsetshire while others have explored the nature of his hyperpolyglossia and tested the quality of his understanding of ancient literature in

classical languages that include Chinese Manchurian Sanskrit and Tibetan. Notably, Malan's personal library was so unique that when he donated it to his alma mater at Oxford University, it became one of the major bibliographic precedents for what is now the Oriental Division in the Bodleian Libraries. Yet when one follows the twists and turns of his life's journey and the surprises that occur from documenting the history and content of the Malan Library as well as critically analysing aspects of his opus magnum *Original Notes on the Book of Proverbs* 1889-1893, we believe both general readers and scholarly specialists will be entranced.

Ethical Treatment of Animals in Early Chinese Buddhism Chuan Cheng, 2014-03-17. Through detailed discussions of several Buddhist and Chinese moral concepts and beliefs and accompanied by some edifying short stories, this book investigates three types of ethical treatment of animals in early Chinese Buddhism: the imperial bans on animal sacrifice, the early development of the two unique and living traditions of vegetarianism and the freeing of animals. The book presents a demonstration of the early Chinese acceptance of Indian Buddhism, providing the reader with a better understanding of the early history of Chinese Buddhism in general and of the integration of Chinese and Indian Buddhist cultures in particular.

[Dictionary of Buddhism](#) Soka Gakkai, 2009-01-01. Anyone reading English translations of Buddhist texts will encounter a host of names, terms, and phrases whose meanings are not clear even though they appear in English. Buddhism is famous for its specialized terminology, and translation alone may not communicate its full meaning. East Asian Buddhist diction is layered with several languages: Pali, Sanskrit, Chinese, and Japanese, and the only way to make one's way through this linguistic maze without getting lost is with the aid of a good dictionary. The Soka Gakkai Dictionary of Buddhism, a revised and expanded version of *A Dictionary of Buddhist Terms and Concepts* 1983, is a welcome addition that serves this purpose. Written clearly for the general reader, the Dictionary contains over 2,700 entries. While it is designed primarily for use with the Soka Gakkai's translations of Nichiren's works, the Dictionary contains a wealth of terms found in all other traditions of Buddhism. Definitions are given for technical terms, historical figures, doctrinal texts, institutions, and place names. The entries provide complete cross-references so that readers may know and further pursue meanings of term equivalents as rendered in other ways or languages. Ten appendixes provide maps and word lists that enable the reader to find terms in English, Pali, Sanskrit, Chinese, or Japanese. Like all Buddhist masters, Nichiren presented his particular message in the wider context of other Buddhist teachings and practices. To know the particular, one must also understand the general context, and

the Dictionary in addressing both levels provides essential knowledge not only for students of Nichiren Buddhism but for anyone reading Buddhist texts *Footprints on the Journey* Khenpo Sodargye, Suodaji (Kanbu), 2024-03-26 Inspiring diary entries from a challenging year in the life of the renowned Dzogchen master Khenpo Sodargye demonstrate right conduct for the path to liberation This personal diary that the renowned Dzogchen master Khenpo Sodargye kept for one year gives serious Dharma practitioners a lifetime of inspiring wise guidance for practicing right conduct on the path The backdrop is the Tibetan plateau from which Khenpo invites us to see the world from native people to a spider from vast galaxies to a water droplet as he does with candor and humor and with a Dzogchen master's sharp analysis He shares with us his perceptions of this world describing his ups and downs in a way that we can relate to and be inspired by even if we do not have the fortitude to stand up to the oppression of crustaceans or to ransom yaks from the slaughterhouse Spontaneous and lively the entries play out the vicissitudes of his life throughout a challenging year tracking the passage of his thoughts and actions leaving footprints for whoever is able to follow *Buddhist Monasticism in East Asia* James A. Buddha offers a view of the world that deconstructs our normal categories of experience to show us that what we think are real entities in the world are actually our conceptualizations. The Buddha teaches us to cut our attachment to all phenomena and to the I which are empty of inherent existence and in so doing cut the root cause of our suffering. Yet without wise guidance we may think that because all phenomena are empty there is no need to be attached to virtue and thus we fall into the worst trap of all an attachment to emptiness. How do we destroy our attachment without being led astray? With this question in mind Dzogchen Master Khenpo Sodargye provides sparkling commentary on the Diamond Cutter Sutra so that we understand its actual meaning thus preparing us to understand the view of the Great Perfection and Mahamudra. Before recognizing the nature of the mind we learn we must hold on to things that are virtuous and right. Like a boat these can help us cross a river until we reach the other shore it makes no sense to give them up.
