Zimbabwe June 2015advanced Level Fees:

Global Economic Prospects, June 2015 The World Bank,2015-06-22 Global growth is expected to be 2.8 percent in 2015 but is expected to pick up to 3.2 percent in 2016. Growth in developing countries and some high income countries is set to disappoint again this year. The prospect of rising borrowing costs will compound the challenges many developing countries are facing as they adapt to an era of low commodity prices. Risks to this outlook remain tilted to the downside. This edition of Global Economic Prospects includes two Special Features that analyze the policy challenges raised by the two transitions in developing countries: the risks associated with the first U.S. central bank interest rate increase since 2006 and the implications of persistently low commodity prices for low income countries. Global Economic Prospects is a World Bank Group Flagship Report that examines global economic developments and prospects with a special focus on developing countries on a semiannual basis in January and June. The January edition includes in depth analyses of topical policy challenges faced by developing countries while the June edition contains shorter analytical pieces.

Legal Protection of Foreign Direct Investment. A Critical Assessment with Focus on South Africa and Zimbabwe Talkmore Chidede,2016-09 This study undertakes a critical assessment of the legal protection of foreign direct investments (FDI) in South Africa and Zimbabwe by determining their compliance with the international minimum standards, norms and or best practices on the legal protection of FDI by host states. Firstly the study argues that foreign investment is much needed in South Africa and Zimbabwe to improve economic growth and development to create jobs and to increase their competitiveness. However these benefits are not accrued automatically but rather host states need to create an enabling environment to receive such benefits. Thus host states need to put an investment scheme into operation to guarantee the legal protection of foreign investments. South Africa and Zimbabwe have at large crafted and implemented investment laws and related policies which tend to be hostile towards foreign investments. Therefore similar investment laws and related policies in both jurisdictions are analysed. This study will also offer recommendations for a legal investment which is not only flexible, friendly and favourable to foreign investment in South Africa and Zimbabwe but also advances their local economic policies.

African Canadian Leadership Tamari Kitossa, Erica S. Lawson, Philip S.S. Howard,2019-07-15 Challenging the myth of African Canadian leadership in crisis this book opens a broad vista of inquiry into the many and dynamic ways leadership practices occur in Black Canadian communities. Exploring topics including Black women's contributions to African Canadian communities, the Black Lives Matter movement, Black LGBTQ HIV/AIDS advocacy, motherhood and grieving, mentoring and anti-racism, contributors appraise the complex history and contemporary reality of blackness and leadership in Canada. With Canada as a complex site of Black diasporas, contributors offer an account of multiple forms of leadership and suggest that through surveillance and disruption practices of self-determined Black leadership are incompatible with and threatening to White structures of power in Canada. As a whole African Canadian Leadership offers perspectives that are complex, non-aligned and in critical

conversation about class gender sexuality and the politics of African Canadian communities

Political Handbook of the World 2022-2023 Tom Lansford, 2023-06-09 The Political Handbook of the World 2022 2023 provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide The updated 2022 2023 edition continues to be the most authoritative source for finding complete facts and analysis on each country s governmental and political makeup Tom Lansford has compiled in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies And this update will aim to include coverage of current events issues crises and controversies from the course of the last two years

Economics of Global Business Rodrigo Zeidan, 2018-11-13 A textbook with innovative real world macroeconomic analyses of timely policy issues with case studies and examples from more than fifty countries This timely and refreshingly real world focused textbook examines some of the world s most critical policy issues through a macroeconomics lens After presenting analytical foundations modeling tools and theoretical perspectives Economics of Global Business goes a step further than most other texts with a practical look at the local and multinational tradeoffs facing economic policymakers in more than fifty countries Topics range from income equality and the financial crisis to GDP inflation and unemployment and notably one of the first macroeconomic examinations of climate change Written by a globetrotting economist who teaches and consults on three continents Economics of Global Business aims not for definitive answers but rather to provide a better understanding of the context dependent rationales constraints and consequences of economic policy decisions The book covers long run and short run growth with examples from the United States China the European Union South Korea Japan Latin America Africa Australia and Vietnam financial crises and central banks monetary and fiscal policies government budgets currency regimes climate change and macroeconomics income inequality and globalization All chapters rely on recent and historical examples of economic policy in action The book is particularly suitable for use as an introduction to macroeconomics for business students

Civil Society, Peace, and Power David Cortright, Melanie Greenberg, Laurel Stone, 2016-10-12 Civil society plays an increasingly powerful role in the global landscape emerging as key actors in preventing and managing conflict and building more peaceful and sustainable societies The multiple case studies featured in this volume illustrate the growth of civil society involvement in national regional and international peacebuilding policy The focus is on multi stakeholder systems based approaches to peacebuilding and human security that involve diverse civil society groups NGOs religious organizations media etc government agencies intergovernmental organizations and security forces This unique comprehensive approach encompasses diverse stakeholders seeking to understand the drivers of conflict and the possibilities for working together to build peace The book illustrates how the involvement of civil society can result in better informed more inclusive more

accountable government decision making and more effective peacebuilding policies. Importantly a number of the case studies provide a gender perspective on peacebuilding and civil society issues voicing and giving attention to women's perspectives without being focused only on gender issues. Further authors from the Global South offer the perspectives of those directly immersed in ongoing struggles for justice and peace.

Why Mugabe Won Stephen Chan, Julia Gallagher, 2017-06-09 The 2013 general elections in Zimbabwe were widely expected to mark a shift in the nation's political system and a greater role for the opposition Movement for Democratic Change (MDC) led by Prime Minister Morgan Tsvangirai. However the results surprisingly were overwhelmingly in favour of long time President Robert Mugabe who swept the presidential, parliamentary and senatorial polls under relatively credible and peaceful conditions. In this book a valuable and accessible read for both students and scholars working in African politics and those with a general interest in the politics of the region. Stephen Chan and Julia Gallagher explore the domestic and international context of these landmark elections. Drawing on extensive research among political elites, grassroots activists and ordinary voters, Chan and Gallagher examine the key personalities, dramatic events and broader social and political context of Mugabe's success and what this means as Zimbabwe moves towards a future without Mugabe.

The Economics of the Global Response to HIV/AIDS Markus Haacker, 2016-05-20 The global response to HIV/AIDS has been a major aspect of global health and development policy over the last three decades. The book illustrates the devastating health impacts of the epidemic with life expectancy in some countries falling to the lowest levels observed anywhere and the remarkable success of the global HIV/AIDS response in reversing such extreme outcomes. Concerns about the implications of HIV/AIDS for economic development have played a role in motivating the global HIV/AIDS response. However evidence on the impacts of HIV/AIDS on economic growth or poverty is weak and the magnitude and relevance of such economic effects appears trivial compared to the consequences for life and health. Because of the success in extending access to treatment globally HIV/AIDS has effectively transitioned into a chronic disease. This means that HIV/AIDS absorbs not only a substantial chunk of current global and national financial resources but that these spending needs are projected to persist over decades. The costs of the HIV/AIDS response thus resemble a long term financial liability shaped by past and current policies. Relatedly the calculus of cost effectiveness of HIV/AIDS interventions has changed. People who become infected with HIV can now expect to not die because of AIDS at the same time each HIV infection results in medical needs and expenditures extending over decades. The book presents a framework for integrating these financial consequences and the transmission dynamics of HIV in the analysis of cost effectiveness of HIV/AIDS interventions and in the design of HIV/AIDS programs.

The Oxford Handbook of Peaceful Change in International Relations T. V. Paul, Deborah Welch Larson, Harold A. Trinkunas, Anders Wivel, Ralf Emmers, 2021 Abstract With the rapid rise of China and the relative decline of the United States the topic of power transition conflicts is back in popular and scholarly attention. The discipline of

International Relations offers much on why violent power transition conflicts occur yet very few substantive treatments exist on why and how peaceful changes happen in world politics This Handbook is the first comprehensive treatment of the subject of peaceful change in International Relations It contains some 41 chapters all written by scholars from different theoretical and conceptual backgrounds examining the multi faceted dimensions of this subject In the first part key conceptual and definitional clarifications are offered and in the second part papers address the historical origins of peaceful change as an International Relations subject matter during the Inter War Cold War and Post Cold War eras In the third part each of the IR theoretical traditions and paradigms in particular Realism liberalism constructivism and critical perspectives and their distinct views on peaceful change are analyzed In the fourth part papers tackle the key material ideational and social sources of change In the fifth part the papers explore selected great and middle powers and their foreign policy contributions to peaceful change realizing that many of these states have violent past or tend not to pursue peaceful policies consistently In part six the contributors evaluate the peaceful change that occurred in the world s key regions In the final part the editors address prospective research agenda and trajectories on this important subject matter Keywords Peaceful Change War Security International Relations Theory Sources of Change Systemic Theory Realism Liberalism Constructivism Critical Theories

European Yearbook of International Economic Law 2016 Marc Bungenberg, Christoph Herrmann, Markus Krajewski, Jörg Philipp Terhechte, 2016-07-16 Volume 7 of the EYIEL focusses on critical perspectives of international economic law Recent protests against free trade agreements such as the Transatlantic Trade and Investment Partnership TTIP remind us that international economic law has always been a politically and legally contested field This volume collects critical contributions on trade investment financial and other subfields of international economic law from scholars who have shaped this debate for many years The critical contributions to this volume are challenged and sometimes rejected by commentators who have been invited to be critical with the critics The result is a unique collection of critical essays accompanied by alternative and competing views on some of the most fundamental topics of international economic law In its section on regional developments EYIEL 7 addresses recent megaregional and plurilateral trade and investment agreements and negotiations Short insights on various aspects of the Transpacific Partnership TPP and its sister TTIP are complemented with comments on other developments including the African Tripartite FTA and the negotiations on a plurilateral Trade in Services Agreement TiSA Further sections address recent WTO and investment case law as well as recent developments concerning the IMF UNCTAD and the WCO The volume closes with reviews of recent books in international economic law

Quality in Higher Education as a Tool for Human Development Patience Mukwambo, 2019-04-11 Whilst many studies have explored how quality in higher education is conceptualised in the Global North less attention has been paid to quality in higher education in Africa and the Global South This book uses the human development and capabilities approach to demonstrate how quality in teaching and learning contributes to a range of benefits such as improved wellbeing economic

outcomes political engagement and human capital formation amongst graduates The book interrogates the various dimensions of quality as well as factors that impact on the realisation of quality in universities and society at large Recognising that measures of quality are context and stakeholder specific the book uses the Zimbabwean context as a Global South case study It evaluates how quality is conceptualised and operationalised in Zimbabwean universities and how that impacts on teaching and learning policy and practice The book also demonstrates the need for economic resources for individuals and universities and emphasises the importance of a social and educational environment conducive to critical learning and post university opportunities This book will be of interest to researchers across Education African and Development Studies as well as to policymakers and practitioners with an interest in quality assurance and the promotion of teaching and learning in universities in the Global South

World Economic Outlook, April 2016 International Monetary Fund. Research Dept.,2016-04-12 Major macroeconomic realignments are affecting prospects differentially across the world's countries and regions The April 2016 WEO examines the causes and implications of these realignments including the slowdown and rebalancing in China a further decline in commodity prices a related slowdown in investment and trade and declining capital flows to emerging market and developing economies which are generating substantial uncertainty and affecting the outlook for the global economy Additionally analytical chapters examine the slowdown in capital flows to emerging market economies since their 2010 peak its main characteristics how it compares with past slowdowns the factors that are driving it and whether exchange rate flexibility has changed the dynamics of the capital inflow cycle and assess whether product and labor market reforms can improve the economic outlook in advanced economies looking at the recent evolution and scope for further reform the channels through which reforms affect economic activity under strong versus weak economic conditions reforms short to medium term macroeconomic effects and sequencing of reforms and coordination with other policies to maximize their potential quantitative economic benefits A special feature analyzes in depth the energy transition in an era of low fossil fuel prices

Contemporary Africa and the Foreseeable World Order Gilad Ben-Nun,Cristina D'Alessandro,Zach Levey,Francis Onditi,2019-04-10 Contemporary Africa and the Foreseeable World Order sheds light on the place of Africa Agency in the competitive and changing global system This book provides scholars policymakers and other stakeholders studying and working on African issues with innovative solutions strategies knowledge insights case studies and analyses to support decision making on how best African states should position themselves in the dynamic global system in order to influence key decisions Featuring themes such as the African Union AU and the consequences of the discovery of oil in the non traditional oil exporting countries the editors and contributors have demonstrated why and how Africa's position in the foreseeable world order is largely dependent on the influence of both existing and emerging world powers

Historical Dictionary of Women in Sub-Saharan Africa Kathleen Sheldon,2016-03-04 African women's history is a vast topic that embraces a wide variety of societies in over 50 countries

with different geographies social customs religions and historical situations Africa is a predominantly agricultural continent and a major factor in African agriculture is the central role of women as farmers It is estimated that between 65 and 80 percent of African women are engaged in cultivating food for their families and in the past that percentage was likely even higher Thus one common thread across much of the continent is women s daily work in their family plot This second edition of Historical Dictionary of Women in Sub Saharan Africa contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on individual African women in history politics religion and the arts on important events organizations and publications and on topics important to women in general marriage fertility employment and to African women in particular market women child marriage queen mothers This book is an excellent access point for students researchers and anyone wanting to know more about the Women in Africa

Research Anthology on Microfinance Services and Roles in Social Progress Management Association, Information Resources,2022-09-23 Microfinance has emerged as a growing field as more businesses discover the benefits and opportunities it provides To ensure that microfinance is utilized appropriately further study on the best practices and difficulties is required The Research Anthology on Microfinance Services and Roles in Social Progress considers the ways in which microfinance can be utilized to achieve social progress as well as the challenges and opportunities of this area Covering key topics such as income small businesses entrepreneurship and credit this major reference work is ideal for industry professionals government officials computer scientists entrepreneurs business owners managers policymakers researchers scholars practitioners instructors and students **Regional Economic Outlook, April 2016, Sub-Saharan Africa** International Monetary Fund. African Dept.,2016-05-03 Economic growth in sub Saharan Africa as a whole has fallen to its lowest level in 15 years though with large variation among countries in the region The sharp decline in commodity prices has severely strained many of the largest economies including oil exporters Angola and Nigeria and other commodity exporters such as Ghana South Africa and Zambia At the same time the decline in oil prices has helped other countries continue to show robust growth including Kenya and Senegal A strong policy response to the terms of trade shocks is critical and urgent in many countries This report also examines sub Saharan Africa s vulnerability to commodity price shocks and documents the substantial progress made in financial develop especially financial services based on mobile technologies

Independent Power Projects in Sub-Saharan Africa Anton Eberhard,Katharine Gratwick,Elvira Morella,Pedro Antmann,2016-04-18 Inadequate electricity services pose a major impediment to reducing extreme poverty and boosting shared prosperity in Sub Saharan Africa Simply put Africa does not have enough power Despite the abundant low carbon and low cost energy resources available to Sub Saharan Africa the region s entire installed electricity capacity at a little over 80 GW is equivalent to that of the Republic of Korea Looking ahead Sub Saharan Africa will need to ramp up its power generation capacity substantially The investment needed to meet this goal largely exceeds African countries already

stretched public finances Increasing private investment is critical to help expand and improve electricity supply Historically most private sector finance has been channeled through privately financed independent power projects IPP supported by nonrecourse or limited recourse loans with long term power purchase agreements with the state utility or another off taker Between 1990 and 2014 IPPs have spread across Sub Saharan Africa and are now present in 17 countries Currently there are 125 IPPs with an overall installed capacity of 10 7 GW and investments of 24 6 billion However private investment could be much greater and less concentrated South Africa alone accounts for 67 IPPs 4 3 GW of capacity and 14 4 billion of investments the remaining projects are concentrated in a handful of countries The objective of this study is to evaluate the experience of IPPs and identify lessons that can help African countries attract more and better private investment At the core of this analysis is a reflection on whether IPPs have in fact benefited Sub Saharan Africa and how they might be improved The analysis is based primarily on in depth case studies carried out in five countries including Kenya Nigeria South Africa Tanzania and Uganda which not only have the most numerous but also among the most extensive experience with IPPs

Zimbabwean Communities in Britain Christopher Roy Zembe, 2018-05-15 This book examines why Zimbabwean immigrants in Britain should be viewed as a product of ethno racial identities and prejudices developed and nurtured during the colonial and post colonial phases of Zimbabwe s history In the absence of shared historic socio economic or cultural commonalities the book will tackle the key question Are Zimbabweans in Britain demarcated by race and ethnicity an imagined community Through an analysis of personal interviews and secondary and primary sources it identifies and engages historical experiences that had been instrumental in constructing diasporic identities and integration processes of Zimbabwean immigrants With most literature tending to create perceptions that Zimbabwean immigrants are a monolithic community of Blacks the book s comparative analysis of Blacks Whites Coloureds and Asians unveils a multi racial community fragmented by historic racial and ethnic allegiances and prejudices It is essential reading for scholars and researchers interested in migration African Diaspora and colonial and post colonial studies Routledge Handbook of Immigration and Refugee Studies Anna Triandafyllidou, 2022-12-30 The Routledge Handbook of Immigration and Refugee Studies offers a comprehensive study of the multi disciplinary field of international migration and asylum studies The new edition incorporates numerous new chapters on issues including return migration the relationship between urbanisation and migration the role of advanced digital technologies in migration governance decision making and human agency and the COVID 19 pandemic and its impact on global migration Utilising contemporary information and analysis this innovative Handbook provides an in depth examination of the major analytical questions pertaining to migration and asylum whilst discussing key areas such as work welfare families citizenship the relationship between migration and development asylum and irregular migration With a comprehensive collection of essays written by leading contributors from different world regions and covering a broad range of disciplines including sociology geography legal studies political science and economics

the Handbook is a truly multidisciplinary reader Organised into thematic and geographical chapters the Routledge Handbook of Immigration and Refugee Studies provides a concise overview on the different topics and world regions as well as useful guidance for both the starting and the more experienced reader The Handbook s expansive content and illustrative style will appeal to both students and professionals studying in the field of migration and international organisations
