The Anthropology of Modern Human Teeth G. Richard Scott, Christy G. Turner II, Grant C. Townsend, María Martínón-Torres, 2018-03-15 All humans share certain components of tooth structure but show variation in size and morphology around this shared pattern This book presents a worldwide synthesis of the global variation in tooth morphology in recent populations Research has advanced on many fronts since the publication of the first edition which has become a seminal work on the subject This revised and updated edition introduces new ideas in dental genetics and ontogeny and summarizes major historical problems addressed by dental morphology The detailed descriptions of 29 dental variables are fully updated with current data and include details of a new web based application for using crown and root morphology to evaluate ancestry in forensic cases A new chapter describes what constitutes a modern human dentition in the context of the hominin fossil record

Premature Ejaculation Francois de Carufel, 2016-10-04 Premature Ejaculation presents a unique and innovative therapeutic program for the successful treatment of premature ejaculation This descriptive and well structured program is fundamentally different from traditional sex therapy and contemporary sexual medicine Centred on the management of sexual excitement it enables couples to prolong the length of intercourse without having to interrupt their lovemaking or resort to medication The program s sexological approach also empowers couples with the skills and knowledge to strengthen their sex life leading to a healthier and happier relationship Combining theory and practical instruction Fran ois de Carufel s book promotes a better understanding of premature ejaculation It offers a new perspective on the causes of this dysfunction and provides practitioners and therapists with concrete ways to assist men and women in improving their sex life Premature Ejaculation will be of interest and value to health professionals and graduate students in all fields dealing with sexual difficulties including psychology social work medicine physical therapy nursing and counselling

An American Sickness Elisabeth Rosenthal, 2018-03-13 A New York Times bestseller A Washington Post Notable Book Named a Best Book of the Year by The Wall Street Journal and NPR This book will serve as the definitive guide to the past and future of health care in America Siddhartha Mukherjee Pulitzer Prize winning author of The Emperor of All Maladies and The Gene At a moment of drastic political upheaval An American Sickness is a shocking investigation into our dysfunctional healthcare system and offers practical solutions to its myriad problems In these troubled times perhaps no institution has unraveled more quickly and more completely than American medicine In only a few decades the medical system has been overrun by organizations seeking to exploit for profit the trust that vulnerable and sick Americans place in their healthcare Our politicians have proven themselves either unwilling or incapable of reining in the increasingly outrageous costs faced by patients and market based solutions only seem to funnel larger and larger sums of our money into the hands of corporations Impossibly high insurance premiums and inexplicably large bills have become facts of life fatalism has set in Very quickly

Americans have been made to accept paying more for less How did things get so bad so fast Breaking down this monolithic business into the individual industries the hospitals doctors insurance companies and drug manufacturers that together constitute our healthcare system Rosenthal exposes the recent evolution of American medicine as never before How did healthcare the caring endeavor become healthcare the highly profitable industry Hospital systems which are managed by business executives behave like predatory lenders hounding patients and seizing their homes Research charities are in bed with big pharmaceutical companies which surreptitiously profit from the donations made by working people Patients receive bills in code from entrepreneurial doctors they never even saw The system is in tatters but we can fight back Dr Elisabeth Rosenthal doesn't just explain the symptoms she diagnoses and treats the disease itself In clear and practical terms she spells out exactly how to decode medical doublespeak avoid the pitfalls of the pharmaceuticals racket and get the care you and your family deserve She takes you inside the doctor patient relationship and to hospital C suites explaining step by step the workings of a system badly lacking transparency This is about what we can do as individual patients both to navigate the maze that is American healthcare and also to demand far reaching reform An American Sickness is the frontline defense against a healthcare system that no longer has our well being at heart

Cracking the AP Human Geography Exam, 2019 Edition The Princeton Review, 2018-10-30 EVERYTHING YOU NEED TO HELP SCORE A PERFECT 5 Ace the AP Human Geography Exam with this comprehensive study guide including 2 full length practice tests with complete explanations thorough content reviews targeted strategies for every question type and access to online extras Techniques That Actually Work Tried and true strategies to help you avoid traps and beat the test Tips for pacing yourself and guessing logically Essential tactics to help you work smarter not harder Everything You Need to Know to Help Achieve a High Score Detailed content review for all test topics including population and migration cultural studies political geography urban geography agriculture and more Useful lists of key terms and concepts in every content review chapter Access to online study plans helpful pre college information and more Practice Your Way to Excellence 2 full length practice tests with detailed answer explanations Detailed maps and charts illustrating trends theories and models Practice drills at the end of every content review chapter Written by the experts at The Princeton Review Cracking the AP Human Geography Exam arms you to take on the test and achieve your highest possible score
