The Reconnection Heal Others Heal Yourself:

The Reconnection Eric Pearl, 2011-04 Why are prominent doctors and medical researchers all over the world interested in the extraordinary healings reported by the patients of Dr Eric Pearl What does it mean when these patients report the sudden disappearance of afflictions such as cancers AIDS related diseases and cerebral palsy And what does it mean when people who interact with Dr Pearl report a sudden ability to access this healing energy not just for themselves but for others too What is this phenomenon Well you might have to reconsider everything you've read up until now about conventional healing The new frequencies of healing described by Dr Pearl transcend technique entirely and bring you to levels beyond those previously accessible to anyone anywhere This book takes you on Dr Pearl's journey from the discovery of his ability to facilitate healings to his well deserved reputation as the instrument through which this process is being introduced to the world But most important The Reconnection reveals methods you can use to personally master these new healing energies

moment we resort to naming them dark matter and dark energy The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun not the earth Historians call it the Copernican Revolution because it led to modern Western science From one perspective the new era predicted in this book a revolution in its own right can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit our soul aspect and non physical realities Until now this emerging knowledge has not been organized into a coherent and comprehensive structure *Frontiers of Knowledge* provides the first outline of this new structure of reality *The Spiritual Password* Princess Märtha Louise, Elizabeth Nordeng, 2014-01-06 Do you ever feel different to the people around you or long for a deeper connection to spirit This enlightening book will help you to understand why life may sometimes seem like an uphill struggle and how to finally find the deep connection with spirit that you have been longing for Introducing a new understanding of the chakra system and how to become familiar with the structure of your own unique energy system *The Spiritual Password* provides tools and exercises that will help you develop your spiritual gifts while staying grounded Discover how to Increase your spiritual connection with innovative meditation and visualization techniques Listen to your own intuition Stay connected to spirit in the real world Look after your physical body to support you on your spiritual journey Connect to your guardian angel and receive their support in your life **Good Vibrations—a Healer's Journey** Patrick Deprez, 2013 Like many scientists Patrick Deprez put his work ahead of his own health The demands of his work as an analytical chemist consumed his life and he drifted into a vortex of anxiety and depression One fateful Friday afternoon his mind broke down under the stress of his immense workload Two painful days later he reached out for help Following his recovery he experienced a life changing epiphany in the middle of the night Now an eager traveler on an unexpected path Patrick's life was renewed with purpose He was touched by God and nothing would ever be the same again *Good Vibrations A Healer's Journey* is an amazing and true account of his dramatic physical and spiritual change Patrick always felt the calling to be a doctor to help those who suffered As a young man he flew between his native Belgium and Africa where his father worked as an engineer He knew from a young age that he wanted to earn his pilot's wings one day And he achieved both dreams In this memoir Patrick explains how he taps into divine energy to help heal people diagnosed with serious illnesses including cancer and heart disease He also describes the steps involved in doing a healing and provides examples of real miraculous healings that have taken place in real people On his remarkable journey as a healer he has experienced revelations that have provided him with great clarity about humanity *Spirit: 101* Ramon Lazarus, 2024-03-21 *Spirit 101* is a book about growth transformation and healing of the mind body spirit and soul It is a journey from dysfunction and dis ease to wholeness function and peace It covers from awakening to entering one's darkness healing it as one goes through it to embodiment union with God healing grief

Lawrence F. Frego, 2006-07-19 We are at the crossroads of world health On the one hand we face the possibility of a world wide pandemic the likes of which has never been seen before We are likewise on the threshold of discovering natural cures for nearly every disease As choosing wisely may mean the difference between life and death this book is designed to help the reader choose alternative options that are seldom if ever in the news Jared Diamond in his groundbreaking work *Collapse How Societies Choose to Fail or Succeed* addresses the fact that only civilizations that recognize the threats against their existence and deal with the threat effectively survive Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition They tore up cable car lines and public transportation so the public would have no other alternative except their oil Today the drug monopolies owned by the descendants of these same robber barons are nearly complete in their plot to eradicate all natural low cost remedies for disease prevention and treatment In the state of Florida naturopathic physicians were de licensed unless they also had a conventional medical license The powers that be want to create a drug induced society at an enormous financial and emotional cost to the public at large They are even trying to outlaw vitamins via European health treaties and side step the American constitution and the public The ever escalating cost of medical care created by lack of natural alternative options can only lead to the eventual total collapse of the entire medical system It is exceedingly difficult finding the truth about alternative medicine as the system has a vested interest in making profits and keeping the truth from you A few thousand deaths is an acceptable loss if a few billion dollars can be made And it will be a cold day in hell before a drug company puts itself out of business by telling you about a low cost natural cure that their product can manage The guardians of public health know which side their toast is buttered on also The career politicians and beltway bandits at the FDA know where the

money is and they don't get it from you or providers of natural cures. The drug monopolies pay the big bucks. There have been no checks and balances. Corruption has become so pronounced that the US House of Representatives is seeking to pass the Consumers Access to Health Information Act H R 2352 to ensure that accurate health claims ARE NOT SUPPRESSED. Consumers would be given TRUTHFUL AND COMPLETE information about the curative mitigation treatment and prevention effects of foods and dietary supplements on disease or health related conditions. The time to exercise your God given right to the health care of your choice is now www.lef.org. America has the finest emergency health care in the world. Bar none. However that is not the nature of the coming threat. American baby boomers will soon be retiring in the tens of millions. Their health care needs will be staggering and costly. However 92% of American health care providers are trained in emergency medicine and only 8% in long term preventative medicine. As it takes a minimum of 6-7 years to obtain a medical degree America is unprepared for a crisis that is inevitable.
