The Gothic in Contemporary British Trauma Fiction Ashlee Joyce, 2019-09-05 This book examines the intersection of trauma and the Gothic in six contemporary British novels Martin Amis's London Fields Margaret Drabble's The Gates of Ivory Ian McEwan's Atonement Pat Barker's Regeneration and Double Vision and Kazuo Ishiguro's Never Let Me Go In these works the Gothic functions both as an expression of societal violence at the turn of the twenty first century and as a response to the related crisis of representation brought about by the contemporary individual's highly mediated and spectatorial relationship to this violence By locating these six novels within the Gothic tradition this work argues that each text to borrow a term from Jacques Derrida participates in the Gothic in ways that both uphold the paradigm of unspeakability that has come to dominate much trauma fiction as well as push its boundaries to complicate how we think of the ethical relationship between witnessing and writing trauma

The Poetics of Transgenerational Trauma Meera Atkinson, 2017-07-27 The first decades of the twenty first century have been beset by troubling social realities coalition warfare global terrorism and financial crisis climate change epidemics of family violence violence toward women addiction neo colonialism continuing racial and religious conflict While traumas involving large scale or historical violence are widely represented in trauma theory familial trauma is still largely considered a private matter associated with personal failure This book contributes to the emerging field of feminist trauma theory by bringing focus to works that contest this tendency offering new understandings of the significance of the literary testimony and its relationship to broader society The Poetics of Transgenerational Trauma adopts an interdisciplinary approach in examining how the literary testimony of familial transgenerational trauma with its affective and relational contagion illuminates transmissive cycles of trauma that have consequences across cultures and generations It offers bold and insightful readings of works that explore those consequences in story Alison Bechdel's Fun Home A Family Tragicomic 2006 Hélène Cixous's Hyperdream 2009 Marguerite Duras's The Lover 1992 Pat Barker's Regeneration Trilogy 1999 and Alexis Wright's Carpentaria 2006 and The Swan Book 2013 concluding that such testimony constitutes a fundamentally feminist experiment and encounter The Poetics of Transgenerational Trauma challenges the casting of familial trauma in ahistorical terms and affirms both trauma and writing as social forces of political import

When He Came Home Dianne Dempsey, 2021-10-29 When the Vietnam War veterans returned home to Australia neither the veterans nor their partners were aware of the atrocious psychological harm with which they had been afflicted Post traumatic stress disorder had not yet been recognised and as the men fell victim to terrible moods and illnesses they capitulated to their pain and isolated themselves and their families With great courage and without recognition veterans wives held their families together in the face of government and community indifference and did so for decades When He Came Home is a belated recognition of these women and it also focuses on how the issues of

PTSD and suicide affect veterans who participate in contemporary conflicts Told within an informed historical context and employing intimate narrative interviews this important book examines the unexamined how so many families have been brought to their knees and how such suffering can be prevented *The New York Public Library Literature Companion* Staff of The New York Public Library,2001-11-06 Pick up The New York Public Library Literature Companion to check the dates of Marcel Proust s Remembrance of Things Past or to find out how James Joyce s Ulysses changed U S obscenity laws and you may find yourself hours later absorbed in the imaginary worlds of Camelot and The Matrix or sidetracked by the fascinating history of The New Yorker Designed to satisfy the curious browser as well as the serious researcher this exciting new resource offers the most up to date information on literature available in English from around the world from the invention of writing to the age of the computer Interwoven throughout the more than 2 500 succinct and insightful entries on Creators Works of Literature and Literary Facts and Resources are the fascinating facts and quirky biographical details that make literature come alive Readers will discover for instance that Walt Whitman was fired from his government job after his personal copy of Leaves of Grass was discovered in his desk by the Secretary of the Interior who was scandalized by it that James Baldwin remembered listening to blues singer Bessie Smith playing her till I fell asleep when he was writing his first book and that a publisher turned down the serialization rights to Gone with the Wind saying Who needs the Civil War now who cares Looking for information about book burning or how many Nobel laureates have come from Japan You ll find it here Trying to remember the name of that movie based on a favorite book Read the Variations section you ll be amazed at the pervasive presence of great literature in today s entertainment From Aristophanes to Allende from Bergson to Bloom the biographical entries will inform readers about the men and women who have shaped and are shaping the literary world Look into Works of Literature to discover the significance of Beowulf The Fountainhead Doctor Zhivago and nearly 1 000 other titles Check the Dictionary of Literature to find out what the critics and theorists are talking about And if you wish to delve even deeper Websites for Literature and Literary Factbooks and Handbooks are just two of the bibliographies that will point readers in the right direction Unique in scope and design and easy to use The New York Public Library Literature Companion will be at home on every reader s shelf Whether you are immersed in Stephen King or King Lear this book has the insights facts and fascinating stories that will enrich your reading forever With four major research centers and 85 branch libraries The New York Public Library is internationally recognized as one of the greatest institutions of its kind Founded in 1895 the library now holds more than 50 million items including several world renowned collections of literary manuscripts and rare books Among the books published from the library in recent years are The New York Public Library Desk Reference 1998 The Hand of the Poet 1997 Letters of Transit Reflections on Exile Identity Language and Loss 1999 A Secret Location on the Lower East Side Adventures in Writing 1960 1980 1998 and Utopia The Search for the Ideal Society in the Western World 2000 Ethics and Trauma in Contemporary British Fiction Susana Onega,Jean-Michel Ganteau,2011 Preliminary material
