

The background of the entire image is a photograph of a full moon in a twilight sky. The moon is positioned in the upper center, appearing as a bright, detailed sphere with visible craters and maria. The sky transitions from a deep blue at the top to a lighter, hazy blue and then to a warm orange and yellow glow just above the horizon. The horizon itself is a dark, straight line that separates the sky from a black foreground. A semi-transparent grey rectangle is centered in the lower half of the image, containing the title and author's name in black serif font.
