Time to Stand Up Thanissara, 2015-08-18 *Time to Stand Up* retells the story of the historical Buddha one of the greatest sacred activists of all time as a practical human being whose teachings of freedom from suffering are more relevant than ever in this time of global peril Evolving onward from the patriarchal template of spiritual warriors and their quests former nun Thanissara explores awakening from within a feminine view where the archetypes of lover and nurturer are placed as central and essential for a sustainable world *Vital* is an investigation into the pinnacle of Buddhist practice the realization of the liberated heart Thanissara questions the narrative of transcendence and invites us into the lived reality of our deepest heart as it guides our journey of healing reclamation and redemption As the book unfolds the author examines traditional Buddhism often fraught with gender discrimination and asks the important question Can Buddhist schools overly attached to hierarchal power structures and often divorced from the radical and free inquiry exemplified by the Buddha truly offer the ground for maturing awakening without undertaking a fundamental review of their own shadows Chapter by chapter the

book relates Siddhartha Gautama's awakening to the sea change occurring on Earth in present time as we as a civilization become aware of the ethical bankruptcy of the nuclear and fossil fuel industry and the psychopathic corporate and military abuse of power currently terrorizing our planet. Thanissara relates the Buddha's story to real life individuals who are living through these transitional times such as Iraq war veterans, First Nation People and the Dalai Lama. Time to Stand Up gives examples of the Buddha's activism such as challenging a racist caste system and violence against animals, stopping war, transforming a serial killer and laying down a nonhierarchical structure of community governance actions that would seem radical even today. Thanissara explores ways forward deepening our understanding of meditation and mindfulness, probing its use to pacify ourselves as the cogs in the corporate world by helping people be more functional in a dysfunctional system and shows how these core Buddhist practices can inspire a wake up call for action for our sick and suffering planet Earth.
