DiscipleShift Jim Putman, Bobby Harrington, 2013-04-23 Question: What is the God-given purpose of the local church? Answer: Relational discipleship. DiscipleShift walks you through five key shifts that churches must make to refocus on the fundamental biblical mission of discipleship. These intentional changes will attract the world and empower your church members to be salt and light in their communities. Over the last thirty years, many influential church leaders and church planters in America have adopted various models for reaching unchurched people. While many of these approaches have merit, something is still missing, something even more fundamental to the mission of the church: discipleship. Making disciples, helping people to trust and follow Jesus, is the church's God-given mandate. Devoted disciples attract people outside the church because of the change others see in their Christ-like lives. And discipleship empowers Christians to be more like Christ as they intentionally develop relationships with non-believers. Through biblical and professional insights, Jim Putman and Bobby Harrington discuss the transformational effectiveness of making disciples and

just how to do so in practical terms You ll learn The specific roles of a disciple making pastor The components of person to person discipleship How each ministry in your church leads to discipleship How to implement discipleship in your church Disciple making leaders will not produce perfect churches but they will create effective churches

The Epic Adventures of Whiz Grass and Poot Berry Frank,Church,Aloura Barnas,2011-10-14 As you should have guessed by the title this is not the standard bedtime story with a princess and a prince and an evil stepparent and some sort of magic spell Not one castle nor trolls not even an enchanted forest is tucked with loving care into this bedtime story To be totally honest about the whole shebang its not so much a bedtime story as a bedtime epic event An explanation may be in order right about now There are 30 Adventures in this saga to be read in order as bedtime stories No skipping around mind you because it will make even less sense if you do that so when you get to the Temple of the Belchmonkeys and your mind is not totally prepared for it well thats a whole different bucket of pickles altogether And you could rip through more than one story in a night but that might just make your kids loopy 30 Adventures 30 nights so youre pretty much covered for a month Now somebodys going to screech that some months have 31 days thanks May and October and you other troublemakers for screwing this up and so you have a day left over And theres some real hollering going on about the February problem and how if you read this story during that month even during a leap year you still have extra story left over The thing is the story is 30 nights long because its a nice round number unlike 31 which is prime for crying out loud and thats how long the story takes to tell So there The important idea is that this is an interactive story Not a passive story where your kid lays there like an unfortunate lump on the mattress and you yammer on until you bore the poor child to sleep This story has a narrator reading the action lines thats you sport There are also 21 different voices in the tale all of which youll have fun doing Even better let your child read along and read a voice or two The full list of voices is on the next few pages plus what we think they sound like although you can change them pretty much any way you want Its not like were keeping score Also you will find action lines sprinkled throughout Youll recognize these because theyre in italics so they look like theyre in motion hence we call them action lines and they instruct you or your offspring to do certain things Be nice and gentle since youll have to start a pillow fight in Adventure 1 Remember youre bigger Play nice
