[The Way to Become a Person in Heaven While Living](#) Woo Myung,2024-08-31 The ultimate answer to the questions about the reason and purpose of our existence Why are we born into this world and what do we live for Teacher Woo Myung provides the answer to this deep question through his book The reason why humans are born is to achieve human completion and to become Truth It is not for the purpose of just making money or having a comfortable life In other words he is saying that one needs to know why he is born into this world and where he goes when he dies One has to live the life of Truth know the principle and meaning behind life and death Life of Truth is the life of great liberation without any concerns or worries It is the life lived following the flow of the universe just as nature does It is natural for anyone to have a wishful thinking about living such a life However if you are not able to achieve it in reality what use would it be Teacher Woo Myung talks about how to become a person in Heaven in this reality that we are living in at the moment while living He talks about living the life of nature s flow This is possible because even though we are currently living with stress having become enslaved to materials fame and desires our original self is nothing like this Which means that you can become a complete existence if you discard the self centered human mind and recover your true nature The ultimate happiness and life of Heaven can be achieved by becoming the mind of Truth while one is alive The author earnestly convey throughout the book that Heaven is not a place one goes to after death that one should go while living Such a level of consciousness cannot be understood from within human conceptions or knowledges not to mention one cannot reach that level It can only be achieved through the process of emptying the mind through self reflection and enlightenment With this method it is possible for everyone to achieve it regardless of their ethnicity level of knowledge or any other background Perhaps it was said that Truth is truly fair because this process that is taking place now is open to everyone The life that all humankind has been yearning and dreaming for is given to all of us who are living at this moment not just to a special someone in a distant future
