The Road To Carthage Conspiracy And Betrayal:

The Road to Carthage Ted Gibbons, 1990 Junius And Joseph Robert Wicks, Fred R. Foister, 2005-05-04 Beginning with this provocative thesis Wicks and Foister engage in a thorough reexamination of Joseph Smith's 1844 presidential candidacy its political context and implications and its probable connection to his murder While their work asserts controversial conclusions about what and who were behind that murder its import extends further since it provides unprecedented detailed portraits of political Mormonism politics in 1844 Illinois and the Midwest the web of connections and personalities that linked the two and the events of June 27 **Sacrifice Brings Forth the Blessings of Heaven**, 2006-03 The pure joy of eyewitness history one author observed lies in the vicarious thrill of experiencing the event The Eyewitness History of the Church Volume Two draws together hundreds of first person eyewitness accounts covering the period of growth and testing that followed the restoration of the Church Each chapter in this innovative book consists of eyewitness narratives of central events You will experience a whole new world of LDS Church history through snapshots of specific moments captured by those who were there See the dedication of the Kirtland Temple through the eyes of Sylvia Cutler Webb and the distinct impression it made despite her young age at the time View the tragedy at Haun's Mill with Amanda Smith who lost a husband and a son and find hope in the story of the son who lived Feel the power of Joseph Smith's rebuke of the prison guards in Richmond as recorded by Parley P Pratt Cheer Hurrah for Israel with Heber C Kimball and Brigham Young as they embark on a mission to England Marvel with Wilford Woodruff at the day of miraculous healings in Nauvoo Rejoice with the sisters in Nauvoo at the formation of the Female Relief Society Experience the Martyrdom at Carthage Jail with Willard Richards who in fulfillment of prophecy was not harmed For the past 175 years these eyewitness accounts have helped shape the spiritual heritage of the Church around the world They not only bear testimony of what occurred but also plant seeds of faith and belief in modern readers This firsthand approach to learning about Church history will touch your heart stir your imagination expand your knowledge and strengthen your testimony *The Oxford Companion to English Literature* Sir Paul Harvey, 1934 Hannibal Richard A. Gabriel, 2011-02-28 The Romans destruction of Carthage after the Third Punic War erased any Carthaginian historical record of Hannibal's life What we know of him comes exclusively from Roman historians who had every interest in minimizing his success exaggerating his failures and disparaging his character The charges leveled against Hannibal include greed cruelty and atrocity sexual indulgence and even cannibalism But even these sources were forced to grudgingly admit to Hannibal's military genius if only to make their eventual victory over him appear greater Yet there is no doubt that Hannibal was the greatest Carthaginian general of the Second Punic War When he did not defeat them outright he fought to a standstill the best generals Rome produced and he sustained his army in the field for sixteen long years without mutiny or desertion Hannibal was a first rate tactician only a somewhat lesser strategist and the greatest enemy Rome ever faced When he at last met defeat at the hands of the Roman general Scipio it was against an experienced

officer who had to strengthen and reconfigure the Roman legion and invent mobile tactics in order to succeed Even so Scipio's victory at Zama was against an army that was a shadow of its former self The battle could easily have gone the other way If it had the history of the West would have been changed in ways that can only be imagined Richard A Gabriel's brilliant new biography shows how Hannibal's genius nearly unseated the Roman Empire

Conspiracy Narratives in Roman History Victoria Emma Pagán, 2013-09-26 Conspiracy is a thread that runs throughout the tapestry of Roman history From the earliest days of the Republic to the waning of the Empire conspiracies and intrigues created shadow worlds that undermined the openness of Rome's representational government To expose these dark corners and restore a sense of order and safety Roman historians frequently wrote about famous conspiracies and about how their secret plots were detected and the perpetrators punished These accounts reassured readers that the conspiracy was a rare exception that would not happen again if everyone remained vigilant In this first book length treatment of conspiracy in Roman history Victoria Pagán examines the narrative strategies that five prominent historians used to disclose events that had been deliberately shrouded in secrecy and silence She compares how Sallust Livy and Tacitus constructed their accounts of the betrayed Catilinarian Bacchanalian and Pisonian conspiracies Her analysis reveals how a historical account of a secret event depends upon the transmittal of sensitive information from a private setting to the public sphere and why women and slaves often proved to be ideal transmitters of secrets Pagán then turns to Josephus's and Appian's accounts of the assassinations of Caligula and Julius Caesar to explore how the two historians maintained suspense throughout their narratives despite readers prior knowledge of the outcomes

Rage of Ares Christian Cameron, 2016-10-20 Arimnestos of Plataea was one of the heroes of the Battle of Marathon in which the heroic Greeks halted the invading Persians in their tracks and fought in the equally celebrated naval battle at Salamis But even these stunning victories only served to buy the Greeks time as the Persians gathered a new army returning with overwhelming force to strike the final killing blow For the Greeks divided and outnumbered there was only one possible strategy attack And so in the blazing summer of 479 BC Arimnestos took up his spear one final time at the Battle of Plataea
