Positive Tourism in Africa Mucha Mkono, 2019-03-20 Positive Tourism in Africa provides a crucial counter narrative to the prevailing colonial and reductionist perspective on Africa's tourism trajectory and future. It offers a uniquely optimistic outlook for tourism in Africa whilst acknowledging the many challenges that African countries continue to grapple with. By examining broad and localized empirical studies, conceptual frameworks, culturally centered paradigms and innovative methodological approaches for African contexts, this book showcases the many facets of tourism in Africa that illustrate hope, resilience, growth and survival. This volume explores themes such as community based tourism, wildlife tourism, tourism governance and leadership, crisis recovery, regional integration, the role of indigenous knowledge, event tourism and the impact of smart technologies. It acknowledges the challenges and opportunities for growth that exist in these various contexts and explores how tourism creates value for the spectrum of its participants. Including a wide selection of contributions from diverse authors, many of them African, this book offers an Afro-centric interpretation of tourism phenomena. It will be of great interest to students, researchers and academics in the field of Tourism and African Studies as well as Development Studies and Geography.

Sustainable Tourism, Culture and Heritage Promotion Jorge Chica-Olmo, Miroslav Vujičić, Rui Alexandre Castanho, Uglješa Stankov, Eliana Martinelli, 2024-03-01 This proceedings book explores future prospects of cultural heritage and religious tourism and how it can impact the socioeconomic complexity of a community and future developments. It includes chapters on contemporary digital age pilgrimage, digital interpretation as a management strategy, tourism in the era of digital communication and the role of social media in conserving intangible cultural heritage. This book focuses on policies and mechanisms for heritage preservation. It includes cultural heritage tourism management, how the digitalization of data has impacted and further developed tourism, World Heritage classification in urban tourism destinations, cultural tourism products and experiences. Moreover, it discusses the sustainable environment and geography in tourism. It covers topics such as ecotourism and rural sustainable development, heritage in socioeconomic sustainable development and tourists' perceptions of tourism. Another part of the book explores the social and economic impacts of tourism. It includes chapters on cycling tourism along the Elbe, residents' perceptions of the socioeconomic benefits of restaurants, architecture of historical mosques, tourism as a driver of soft power, tourists' perceptions of service quality, tourism during the Covid-19 pandemic, gastronomic narratives in tourism and residents' perceptions of festivals. Also, it pinpoints the focus on user interaction based development. It includes chapters on the role of community led initiatives in heritage revitalization and addressing connectivity issues between historical and natural touristic heritage sites.
