*Film Review*, 2003      A Different Trek David Kroening Seitz, 2023-07 A different kind of Star Trek television series debuted in 1993 Deep Space Nine was set not on a starship but a space station near a postcolonial planet still reeling from a genocidal occupation The crew was led by a reluctant Black American commander and an extraterrestrial first officer who had until recently been an anticolonial revolutionary DS9 extended Star Trek's tradition of critical social commentary but did so by transgressing many of Star Trek's previous taboos including religion money eugenics and interpersonal conflict DS9 imagined a twenty fourth century that was less a glitzy utopia than a critical mirror of contemporary U S racism capitalism imperialism and heteropatriarchy Thirty years after its premiere DS9 is beloved by critics and fans but remains marginalized in scholarly studies of science fiction Drawing on cultural geography Black studies and feminist and queer studies A Different Trek is the first scholarly monograph dedicated to a critical interpretation of DS9's allegorical world building If DS9 has been vindicated aesthetically this book argues that its prophetic place based critiques of 1990s U S politics which deepened the foundations of many of our current crises have been vindicated politically to a degree most scholars and even many fans have yet to fully appreciate      **Transfiction** Klaus Kaindl, Karlheinz Spitzl, 2014-01-28 This volume on Transfiction understood as an aestheticized imagination of translatorial action recognizes the power of fiction as a vital and pulsating academic resource and in doing so helps expand the breadth and depth of TS The book covers a selection of peer reviewed papers from the 1st International Conference on Fictional Translators and Interpreters in Literature and Film held at the University of Vienna Austria in 2011 and links literary and cinematic works of translation fiction to state of the art translation theory and practice It presents not just a mixed bag of cutting edge views and perspectives but great care has been taken to turn it into a well rounded transficcionario with a fluid dialogue among its 22 chapters Its investigation of translatorial action in the mirror of fiction i e beyond the cognitive barrier of fact and its multiple transdisciplinary trajectories make for thought provoking readings in TS comparative literature as well as foreign language and literature courses
