**Writing Horror and the Body** Linda Badley, 1996-06-18 In this sequel to *Film Horror and the Body Fantastic* Badley examines horror fiction as a fantastic genre in which images of the body and the self are articulated and modified Badley places horror fiction in its cultural context drawing important connections to theories of gender and sexuality As our culture places increasing importance on body image horror fiction has provided a language for imagining the self in new ways often as ungendered transformed or re generated Focusing on the works of Stephen King Clive Barker and Anne Rice Badley approaches horror as a discourse that articulates the anxieties of our culture Literature and the Writer, 2016-08-09 Literature and the Writer was first conceived with the hope the essays would shed light on several dimensions of the authorial craft It was the hope of the editor that the selected essays would examine not only writers choice of vocabulary but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery Moreover the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction Thus a wide variety of authors are deliberately selected to give the text depth writers of popular fiction as well as modern classics are included and contrasts are established between traditional writers and those who prefer to follow experimental trends Modernists are set against postmodernists absurdists vs realists minority ethnicities vs majority cultures and dominant genders appear in contrast to subordinated ones Clearly the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience how texts are constructed by authors and yet deconstructed by the very words they choose to include how silence functions as inaudible yet audible discourse and how authorial self concept shapes not only itself but is also echoed in the fictional characters writers who appear in the texts *The Conflict Between Morality and Malevolence in the Chosen Novels of Stephen King* R Rajadurai, 2025-03-15 This book entitled *The conflict between morality and malevolence in the chosen novels of Stephen King* analyzes the impacts of the supernatural components doppelganger and patriarchal influences in the works of Stephen King Purpose of the book is to establish Stephen King s portrayal of themes of superstitious beliefs and analyse his biography environment mystery and Gothic elements in the novels *The Shining* *Pet Sematary* *Misery* *The Dark Half* *Dolores Claiborne* and *Gerald s Game*
