Startup Fever How Crowdfunding Will Rebuild The American:

Start Up Fever Austin Lane Muhs, 2015-01-06 Lets face it The American dream is having a mid life crisis People are hungry for meaningful vocations and luckily Crowdfunding has swooped in to save the day For those looking to make the most out of the Crowdfunding wave a better time has never been upon us Crowdfunding can allow you to create your dream vocation out of thin air Yet as with anything long lasting preparation is key Start Up Fever is a book to get you prepared for the upcoming sea change in entrepreneurial America In a society where anyone can tell you that meaningful careers are hard to find family units lack harmony and escapism through drugs alcohol and antidepressants is at an all time high by default we can assume that the business culture has something to do with the problem While many books address the How To s and D I Y portions of Crowdfunding Start Up Fever takes it a step further by connecting the dots between Crowdfunding and cultural evolution The book also shows modern examples of lean bootstrapped start up models that can defy the odds and succeed with little to no money down Business plans the author himself put into practice due to his own lack of meaningful financing in the pre Crowdfunding era If modern businesses are going to survive the massive amount of disruptive technologies entering the marketplace a good thing these new ventures must have a built in sense of morality virtuosity and perpetual change Start Up Fever shows how psychologically a fundamental change in the economy has already taken place and how you can use this momental phase shift to your advantage Start Up Fever follows Austin Muhs on his journey from middle class disenfranchisement to vocational enrichment exploring the who what and why along the way Start Up Fever asks the question If working will generally consume at least a third of our adult lives then why not attempt to use the most innovative entrepreneurial time in history to its fullest In this age there is truly no excuse to not make your working life something the beautifies the world while bettering yourself in the process Although we may have many jobs in our lifetimes we all intrinsically know what our vocation is when it hits us StartUp fever steers people away from the traditional collective pitfalls and into enjoying the perpetual development that is life This is a book written for executives workers and garage innovators alike who want a real life account of what areas Crowdfunding economics will effect over the coming decades Realizing that finding a vocation can be one of the most difficult obstacles in life Start Up Fever was crafted specifically for those people looking to do something meaningful in their lives Since a full fledged complex business plan can be daunting for some Austin instead uses more of a lean startup type approach to bootstrapping your new small business with no money down In an environment where small businesses are getting squeezed and big business is trying to fix markets to insure stability for themselves one must be prepared for any economic scenario Luckily we have all of the entrepreneurship tools we will ever need right in our own backyard With the invention of Kickstarter Indiegogo Gofundme 99designs com Groupon Yelp Living Social and other Crowd based websites the American small business community has actually created subconscious healing mechanisms beyond anything that has ever existed before on the earth Never before have the needs of the population had

the chance to instantly receive a desired good or service in a matter of months in most cases Start Up fever addresses what happens when these unique business models decide to target other areas of our personal life a form of instant healing through economic enterprise if you will Granted anything has a good and a bad side but with Crowdfunding miracles have never happened faster *The JOBS Act* William Michael Cunningham,2012-12-20 On April 5 2012 President Barack Obama signed the Jumpstart Our Business Startups Act better known as the JOBS Act The act is designed to reopen American capital markets to small companies defined in the act as Emerging Growth Companies This is one of the most significant legislative initiatives in finance since the Securities and Exchange Acts of 1933 and 1934 and it opens up funding to a slew of companies previously shut out of the capital markets Here s the good news Small businesses and startups will be able to raise up to 1 million in equity or debt funding online via what are called Crowdfunding Platforms online communities and websites Imagine an eBay like site that allows you to post your idea for a commercial venture online and then allows investors to purchase equity shares or stakes in it As one journalist put it it s social media meets venture capital How can you get in on the new funding opportunities That s what The JOBS Act Crowdfunding for Small Businesses and Startups is all about Investment expert William Michael Cunningham shows how the new law will enable you to use the internet to raise significant amounts of capital funding for your startup After discussing briefly the development and implementation of the law what it means and how it will impact the business startup marketplace he delivers the nuts and bolts of how to take advantage of the JOBS Act to access new sources of capital for your small business or startup As you ll see the act has the power to unleash a new wave of innovation increase employment and set many more average entrepreneurs and investors on the road to wealth Not just for entrepreneurs The JOBS Act Crowdfunding for Small Businesses and Startups will benefit investors securities lawyers community development specialists educators venture capitalists and those offering services in the newcrowdfunding arena It is simply the most current and most comprehensive compendium of information on the law and its impact on this new market *Equity Crowdfunding for Investors* David M. Start-Up Finance Lawrence J. Trautman, 2017

Both equity and non equity crowdfunding has proven to be a productive method of capital formation for start ups The equity crowdfunding provisions of The Jumpstart Our Business Startups Act the JOBS Act offer perhaps the most promising development to facilitate capital formation by Entrepreneurs since the Great Depression The JOBS Act became law during April 2012 and established a regulatory foundation enabling startups and small businesses to access new capital using crowdfunding Title III of the JOBS Act known by the acronym THE CROWDFUND ACT Capital Raising Online While Deterring Fraud and Unethical Non Disclosure Act creates an exception under which the U S securities laws are amended to allow equity crowdfunding campaigns to be easily employed to raise capital through the offer and sale of securities to the public These crowdfunding related provisions include investment restrictions and new compliance requirements for both small businesses seeking to obtain funds through crowdfunding and the portals that will connect entrepreneurs and investors Through this Act Congress intended to lower regulatory barriers in order to give small companies and startups a larger pool of investors from which to raise capital Crowdfunding is an important contemporary and rich topic that has implications in entrepreneurship finance business law marketing and has application across multiple industries and categories of human endeavor This brief article presents a history of crowdfunding illustrates success by entrepreneurs in cinema music technology and video games discusses the development and impact of KickStarter Indiegogo and other crowdfunding platforms explores the tension between U S securities laws and the potential for equity crowdfunding looks at Congressional intent and what if anything needs to change at this point to enable equity crowdfunding to achieve and optimize its intended purpose now that SEC proposed rules have been issued This article hopefully helps to fill the gap in the literature regarding the effectiveness of the

JOBS Act and will prove of benefit to both practitioners and scholars
