Star Trek: The Next Generation: A Singular Destiny Keith R. A. DeCandido, 2009-01-27 The powerful follow up to the Star Trek *Destiny* explores the consequences of the shattering events that have reshaped the universe In the uneasy weeks after the events of Star Trek *Destiny* 3 Lost Souls the survivors of the holocaust continue to be tested to the limits of their endurance But strange and mysterious occurrences are destabilizing the galaxy's battle weary Allies even further In the Federation efforts to replenish diminished resources and give succor to millions of evacuees are thwarted at every turn On the borders of the battered Klingon Empire the devious Kinshaya sense weakness and opportunity In Romulan space the

already fractured empire is dangerously close to civil war Sonek Pran teacher diplomat and sometime adviser to the Federation president perceives a pattern in the seeming randomness And as each new piece of evidence falls into place a disturbing picture encompassing half the galaxy begins to take shape revealing a challenge to the Federation and its allies utterly unlike anything they have faced before **Space 1999 and Science Fiction Prototyping** Petter Ogland,2018-06-25 With the first online discussions of SPACE 1999 starting in January 1993 this book celebrates the 25th anniversary of Online Alpha It is edited and told from the perspective of trying to present different types of discussions over the years by focusing on humour insight surprise and shared community There is also a focus on how the discussions have changed and how they continue to change The book is written on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com **Star Trek: Voyager: Protectors** Kirsten Beyer,2014-01-28 Based on Star trek created by Gene Roddenberry and Star trek Voyager created by Rick Berman Michael Piller Jeri Taylor

Backwards to Oregon Jae,2007 Lesbian Fiction Historical Fiction Luke Hamilton has always been sure that she d never marry She accepted that she would spend her life alone when she chose to live her life disguised as a man After working in a brothel for three years Nora Macauley has lost all illusions about love She no longer hopes for a man who will sweep her off her feet and take her away to begin a new respectable life But now they find themselves married and on the way to Oregon in a covered wagon with two thousand miles ahead of them **The Universal Translator** Yens Wahlgren,2021-02-02 If you think about it all languages are made up some are just more open about it than others In The Universal Translator Yens Wahlgren heads up an expedition through time space and multiple universes to explore the words that have built worlds From the classic constructed languages of Star Trek and Tolkien to literally Orwellian Newspeak and pop culture sensations such as Game of Thrones The Witcher and The Mandalorian this is your portal to over a hundred realms and lexicons and perhaps the starting point to creating your own **Exploring Space: 1999** John Kenneth Muir,2015-09-15 Starring internationally renowned actors Martin Landau Barbara Bain Barry Morse and Catherine Schell the British made Space 1999 was the only truly original space adventure of the mid 1970s Sandwiched between the demise of the original Star Trek and the opening of the Stars Wars series on the big screen Space 1999 featured a richly visualized world where space was terrifying and mysterious where not all problems were solvable by technology and the space travelers were very human From the science fiction show s conception in 1973 to its cancellation in 1977 this reference work covers each of the 48 episodes in depth including a full plot synopsis writer director guest star credits and critical commentary that examines both the episode and other shows that have used similar plotlines The popularity of Space 1999 memorabilia and its many fan clubs are fully discussed along with the possibility of a future movie or reunion show that would tie up the loose ends caused by the show s abrupt cancellation **The Last Round-up** Christie Golden,2012-09-04 Once a hero always a hero Having saved the Federation one more time in Star Trek The Undiscovered Country Captain James T Kirk and the crew of the USS Enterprise

have finally gone their separate ways Spock McCoy Sulu and the others are spread out across the galaxy pursuing their own individual destinies until an interstellar crisis touches all their lives Bored with retirement Kirk jumps at the chance to help his nephews colonise a distant uninhabited planet in a far corner of the Alpha Quadrant He even persuades Scotty and Chekov to come along for the ride But on the planet known as Sanctuary colonists find they are not alone after all An unknown alien race has established an outpost there for their own mysterious reasons Suspicious Kirk investigates and uncovers a terrifying threat that strikes at the security of the entire Federation *Late Star Trek* Adam Kotsko,2025-03-25

How Star Trek's twenty first century reinventions illuminate the unique challenges and opportunities of franchise style corporate storytelling Late Star Trek explores the beloved science fiction franchise's repeated attempts to reinvent itself after the end of its 1990s golden age Beginning with the prequel series Enterprise Adam Kotsko analyzes the wealth of content set within Star Trek's sprawling continuity including authorized books the three Kelvin Timeline films and the streaming series Discovery Picard Lower Decks Prodigy and Strange New Worlds along with fan discourse to reflect on the perils and promise of the franchise as a unique form of storytelling Significantly including the licensed novels and comic books that fill out the Star Trek universe for its fans Kotsko brings the multiple productions of the early twenty first century together as a unified whole rather than analyzing them in their current stratified view He argues that the variety of styles and approaches in this tumultuous era of Star Trek history provides the perfect opportunity to reflect on the nature of the franchise storyworlds that now dominate popular culture By taking the spin offs and tie ins seriously as creative attempts to tell a new story within an established universe Late Star Trek highlights creative triumphs as well as the tendency for franchise faithfulness to get in the way of creating engaging characters and ideas Arguing forcefully against the prevailing consensus that franchises are a sign of cultural decay Kotsko contends that the Star Trek universe exemplifies an approach to storytelling that has been perennial across cultures Instead he finds that what limits creativity within franchises is not their reliance on the familiar but their status as modern myths held not as common cultural heritage but rather owned as corporate intellectual property Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions Star Trek: Voyager: Farther Shore Christie Golden,2010-04-01

connected to her long lost home feelings that could compromise her mission **To Lose the Earth** Kirsten Beyer,2020-10-13 The long awaited follow up to Voyager Architects of Infinity from the New York Times bestselling author and cocreator of Star Trek Picard As the crew of the Full Circle fleet works to determine the fate of their lost ship the Galen a struggle for survival begins at the far edge of the galaxy New revelations about Species 001 the race that built the biodomes that first drew the fleet to investigate planet DK 1116 force Admiral Kathryn Janeway to risk everything to learn the truth
