Coffee and Cultural Change in Modern Japan Helena Grinshpun,2020-10-15 This book explores the impact in Japan of the rise of global coffee chains and the associated coffee culture Based on extensive original research the book discusses the cultural context of Japan where tea drinking has been culturally important reports on the emergence of the new coffee shop consumer experience and reflects on the link between consumption and identity on cultural fantasies about modern Western or global lifestyles on the effects of global standardization and on much more On the Job Heather Akou,2024-02-22

Through a variety of archival documents artefacts illustrations and references to primary and secondary literature On the Job explores the changing styles business practices and lived experiences of the people who make sell and wear service industry uniforms in the United States It highlights how the uniform business is distinct from the fashion business including how manufacturing developed outside of the typical fashion hubs such as New York City and gives attention to the ways that various types of employers small business corporate government and others differ in their ambitions and regulations surrounding uniforms On the Job sheds new light on an understudied yet important field of dress and clothing within everyday life and is an essential addition to any fashion historian s library appealing to all those interested in material culture the service industry heritage and history **The Lonely Century** Noreena Hertz,2021-02-02 A bold hopeful and thought

provoking account by one of the world s leading thinkers The Observer of how we built a lonely world how the pandemic accelerated the problem and what we must do to come together again A compelling vision for how we can bridge our many divides at this time of great change and disruption Arianna Huffington founder and CEO of Thrive Global An important new book The Economist NEXT BIG IDEA CLUB NOMINEE NAMED ONE OF THE BEST BOOKS OF THE YEAR BY WIRED UK AND THE DAILY TELEGRAPH Loneliness has become the defining condition of the twenty first century It is damaging our health our wealth and our happiness and even threatening our democracy Never has it been more pervasive or more widespread but never has there been more that we can do about it Even before a global pandemic introduced us to terms like social distancing the fabric of community was unraveling and our personal relationships were under threat And technology isn t the sole culprit Equally to blame are the dismantling of civic institutions the radical reorganization of the workplace the mass migration to cities and decades of neoliberal policies that have placed self interest above the collective good This is not

merely a mental health crisis Loneliness increases our risk of heart disease cancer and dementia Statistically it s as bad for our health as smoking fifteen cigarettes a day It s also an economic crisis costing us billions annually And it s a political crisis as feelings of marginalization fuel divisiveness and extremism around the world But it s also a crisis we have the power to solve Combining a decade of research with firsthand reporting Noreena Hertz takes us from a how to read a face class at an Ivy League university to isolated remote workers in London during lockdown from renting a friend in Manhattan to nursing home residents knitting bonnets for their robot caregivers in Japan Offering bold solutions ranging from compassionate AI to innovative models for urban living to new ways of reinvigorating our neighborhoods and reconciling our differences The Lonely Century offers a hopeful and empowering vision for how to heal our fractured communities and restore connection in our lives

Big Bang Disruption Larry Downes,Paul Nunes,2014-01-07 It used to take years or even decades for disruptive innovations to dethrone dominant products and services But now any business can be devastated virtually overnight by something better and cheaper How can executives protect themselves and harness the power of Big Bang Disruption Just a few years ago drivers happily spent more than 200 for a GPS unit But as smartphones exploded in popularity free navigation apps exceeded the performance of stand

alone devices Eighteen months after the debut of the navigation apps leading GPS manufacturers had lost 85 percent of their market value Consumer electronics and computer makers have long struggled in a world of exponential technology improvements and short product life spans But until recently hotels taxi services doctors and energy companies had little to fear from the information revolution Those days are gone forever Software based products are replacing physical goods And every service provider must compete with cloud based tools that offer customers a better way to interact Today start ups with minimal experience and no capital can unravel your strategy before you even begin to grasp what s happening Never mind the innovator s dilemma this is the innovator s disaster And it s happening in nearly every industry Worse Big Bang Disruptors may not even see you as competition They don t share your approach to customer service and they re not sizing up your product line to offer better prices You may simply be collateral damage in their efforts to win completely different markets The good news is that any business can master the strategy of the start ups Larry Downes and Paul Nunes analyze the origins economics and anatomy of Big Bang Disruption They identify four key stages of the new innovation life cycle helping you spot potential disruptors in time And they offer twelve rules for defending your markets launching disruptors of your own and getting out while there s still time Based on extensive research by the Accenture Institute for High Performance and in depth interviews with entrepreneurs investors and executives from more than thirty industries Big Bang Disruption will arm you with strategies and insights to thrive in this brave new world [The Next Supper](#) Corey Mintz,2021-11-16 A searing expose of the restaurant industry and a path to a better safer happier meal In the years before the pandemic the restaurant business was booming Americans spent more than half of their annual food budgets dining out In a generation chefs had gone from behind the scenes laborers to TV stars The arrival of Uber Eats DoorDash and other meal delivery apps was overtaking home cooking Beneath all that growth lurked serious problems Many of the best restaurants in the world employed unpaid cooks Meal delivery apps were putting restaurants out of business And all that dining out meant dramatically less healthy diets The industry may have been booming but it also desperately needed to change Then along came COVID 19 From the farm to the street side patio from the sweaty kitchen to the swarm of delivery vehicles buzzing about our cities everything about the restaurant business is changing for better or worse The Next Supper tells this story and offers clear and essential advice for what and how to eat to ensure the well being of cooks and waitstaff not to mention our bodies and the environment The Next Supper reminds us that breaking bread is an essential human activity and charts a path to preserving the joy of eating out in a turbulent era [New York Magazine](#) ,1994-05-23 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea [Starbucks Secret Menu Ordering](#)
