Lush Life David Hajdu, 2013-04-26 Arguably the finest biography yet written about a jazz musician It will fascinate readers who have never heard a note of Strayhorn s music Joel E Seigel Washington City Paper A finalist for the National Book Critics Circle Award Billy Strayhorn 1915-67 was one of the greatest composers in the history of American music the creator of a body of work that includes such standards as Take the A Train Yet all his life Strayhorn was overshadowed by his friend and collaborator Duke Ellington with whom he worked for three decades as the Ellington Orchestra s ace songwriter and arranger A definitive corrective USA Today to decades of patchwork scholarship and journalism about this giant of jazz David Hajdu s Lush Life is a vibrant and absorbing account of the lush life that Strayhorn and other jazz musicians led in Harlem and Paris While composing some of the most gorgeous American music of the twentieth century Strayhorn labored under a complex agreement whereby Ellington took the bows for his work Until his life was tragically cut short by cancer and alcohol abuse the small shy composer carried himself with singular style and grace as one of the few jazzmen to be openly homosexual Lush Life has sparked an enthusiastic revival of interest in Strayhorn s work and is already acknowledged as a jazz classic A book as beautiful and intelligent as its subject David Hajdu has brought all my dear memories of Billy Strayhorn to life Lena Horne It is a mark of excellence of this biography that it leaves one wanting nothing so much as to listen to the music Jonathan Yardley The Washington Post Book World

Classic American Popular Song David Jenness,Donald Velsey,2014-02-04 Classic American Popular Song The Second Half Century 1950 2000 addresses the question What happened to American popular song after 1950 There are numerous books available on the so called Golden Age of popular song but none that follow the development of popular song styles in the second half of the 20th century While 1950 is seen as the end of an era the tap of popular song creation hardly ran dry after that date Many of the classic songwriters continued to work through the following decades Porter was active until 1958 Rodgers until the later 1970s Arlen until 1976 Some of the greatest lyricists of the classic era continued to do outstanding and successful work Johnny Mercer and Dorothy Fields for example continued to produce lyrics through the early 70s These works could be explained as simply the Golden Age s last stand a refusal of major figures to give in to a new reality But then how can we explain the outstanding careers of Frank Loesser Cy Coleman Jerry Herman Jerry Bock and Sheldon Harnick Fred Kander and John Ebb Jule Styne Alan Jay Lerner and Frederick Loewe and several other major figures Where did Stephen Sondheim come from For anyone interested in the development of American popular song and its survival this book will make fascinating reading
