Safe travel! The Federal Aviation Administration (FAA) ensures that flying is safe.

Show money! The U.S. mint manufactures and distributes all coins and bills. The Bureau of Engraving and Printing prints our paper money.

Ensuring national security. The Department of Defense provides the military forces needed to prevent war and keep our country safe.

Protecting plants and animals. U.S. Fish and Wildlife focuses on protecting endangered species.

Is your health? The Food and Drug Administration (FDA) monitors all medicines and sets food safety standards.

Learning more on your behalf. The National Institute of Health (NIH) supports research into the causes and cures of diseases.

How green is it? National and state governments create and maintain about 200 million acres of parks and forests.

Correctional facilities - prisons - house people who have been convicted of a crime.

How big about it? About 10 million miles of roads cross the U.S.

Safe and sound. Community police, state troopers, the National Guard, and the FBI (Federal Bureau of Investigation) work to fight crime.

Model this. The Constitution establishes how our government works. Both state constitutions and local charters arrange for polling places where people cast their vote.

911 Quick, call 9-1-1! Your community's first responders - firefighters, police, and EMTs (Emergency Medical Technicians) - are there in minutes.

Read, play, enjoy. If you like libraries, sports fields, parks, and other recreation facilities in your community, say thank you to your local government.

Emergency help. Without your local government to make the rules and to perform, you may end up with a rough ride.

Behind the wheel. Every state has a Department of Motor Vehicles. When you're old enough to get a driver's license, learn where you'll go.

Go fish! But first you'll need a state-issued fishing license. The same goes for hunting.

Race to pass. Lawyers and other professionals must pass a state licensing exam in the state where they plan to work.

Amend! Any amendment to our Constitution must be approved in at least 38 states.

Getting well. A state controls all the hospitals within its borders and owns direct control over specific facilities.

Electing our President. Every state elects electors for the Electoral College. Electors cast votes for which candidate gets the majority of votes in the state.

Your teachers, your schools. Local communities hire teachers, build schools, decide whether to send kids to school, and get taught in the state's responsibility.

Electricity, natural gas, and water are responsible for the managed and distributed. Local communities are in charge.

P&H That's what you might say without the garbage collection provided by your community's sanitation department.
