*Aggression in the Sports World* Gordon W. Russell,2008-03-14 They are familiar scenes sports fans turning on each other in acts of violence and mobs of sports fans flooding onto the field or out into the streets Is there something inherent in the competitive sport setting that produces this frequently dangerous behavior Written in an engaging style this volume addresses the question by exploring the wide range of influences at work from a social psychological perspective Topics range from a focus on the personality traits that predispose individuals to act aggressively to a wider concern with who riots why they riot and situations that favor the occurrence of sports riots Research on the equally disturbing phenomenon of crowd panics explores the underlying causes and peculiar behavior of people caught in the panics Aggression is influenced and exacerbated by multiple factors troublemakers who incite others to aggress influence by the media differing cultural backgrounds blind obedience and attempts by individuals to emulate unworthy personal heroes Less obvious factors such as

temperature noise and color also exert important effects on interpersonal aggression and drugs such as alcohol and steroids further inflame the possibilities for violence Russell examines all these factors in his international and interdisciplinary presentation of the best and most recent findings in the study of sports aggression and provides a series of proposals intended to prevent or minimize the severity of riots and panics Additionally he explores the relationship between aggression and what is probably the most revered concept in sports competition Scholars students and sports savvy fans will find this book of interest
