

The background of the cover is a dynamic illustration of a Tau Empire battle. In the center, a large, heavily armored Tau battlesuit, possibly a Devastator, is shown in a powerful stance. It has a blue and orange color scheme with a prominent red glowing eye. To its left, another battlesuit is partially visible, holding a large, glowing blue energy weapon. The scene is set against a backdrop of a hazy, orange-tinted sky and a battlefield with smoke and debris. The overall style is that of a high-quality comic book or magazine cover.

Tau 6th Edition Codex Scan:

Dawn of the Middle Ages Michael Grant, 1986 A brilliant historian of the ancient world Michael Grant turns his attention to the decisive centuries of turmoil and rebirth that followed the final collapse of the Roman Empire in the West The years from 476 to 816 constitute a relatively neglected period sometimes dismissed by historians as a Dark Age But this impressively illustrated volume puts the dawn of the Middle Ages in a new perspective Far from a time of barbarian darkness this emerges as a remarkably rich period in both east and west a crucial time of innovation and development that went very far toward shaping our modern world It was an age of great leaders So many dominant personalities of the period have cast long shadows across the centuries and into our own time From the pages of Michael Grant's readable moving text there emerge fresh portraits of such giants as Justinian the Great in the heyday of Byzantium Mohammed the prophet of Arabia St Benedict of Italy St Patrick of Ireland and in the heart of western Europe the larger than life figure of Charlemagne It was too an age of great religions Here we witness the birth of Islam both as a church and as a political force and the fateful split almost from the beginning between the Arabic and the Iranian branches These centuries witnessed the rise of such great Christian institutions as the papacy and the monastic orders which were to change the Catholic Church forever Judaism too underwent crucial changes in the further refinement of Talmudic studies and the establishment of the longlasting patterns of ghetto community life Above all this was an age of great art From Spain to China from Sweden and the British Isles to north Africa this book captures the glories of that past age in a remarkable series of fine color illustrations Highlights include the gleaming tile surfaces of the Moslem palaces and mosques the cavernous splendor of the church of Hagia Sophia in Istanbul the dazzling illuminated manuscripts of Ireland and England the jewelry of the Merovingians exotic Tang and Sui ceramics of China Hebrew murals and the glittering other worldly mosaics of Ravenna And throughout it all there is Michael Grant's text as a guide Whether he is tracing a clear path for us through the tangle of Merovingian and Carolingian dynasties probing the mysteries of Islamic theology or medieval cannon law or providing flesh and blood portraits where before we only had names Michael Grant provides the utmost in information perspective balance color and readability Inside jacket flaps
