2. Your scale has been set at the factory to read weight in pounds. You may select kilograms units of measurement by moving the slide switch on the bottom of the scale.
3. Place scale on flat, hard surface. Carpeted or uneven floors may affect accuracy.
4. Step onto the scale and remain still. The scale will count up to your weight and beep.
5. Step onto the scale platform and remain still. The display will count up to your weight. The scale will beep when the weight is locked. Your weight is now displayed.
6. The scale will turn off automatically.

Battery Information

Your Taylor® scale has a lithium battery installed to provide extra long energy life for your scale. Under heavy usage (Health Club, Wellness Clinic, etc.) the battery may eventually need to be replaced.
