The text has been developed using cases based on real Australian and international businesses and includes numerous Real Life illustrations of current management accounting practices. In keeping with the need to be industry focused the new edition includes coverage of key contemporary topics including data analytics, big data and business ethics. Highlights include Coverage of contemporary topics including data analytics, big data and business ethics. Real Life cases that reflect the growing global nature of business and Australia's role in our region. End of Chapter exercises and problems including algorithmic questions and comprehensive Instructor Resource Manual.

Managerial Accounting Geraldine F. Dominiak, Joseph G. Louderback, 1997. The uses of managerial accounting information especially in regards to decision making is the main focus of this non procedural text. Information on the preparation of accounting information is limited and in the latter part of the text. Like earlier editions the new edition of MANAGERIAL ACCOUNTING is written for both undergrad and graduate students. Plus the new edition also contains a wide variety of assignment material with increased use of cases based on CMA exams just as prior editions have. This edition includes
