 DescriptionIn this book 100% formulae of trigonometric ratios and identities are based on trick which can be easily
 memorized In this book given a hexagon image trick with the help of which the ratios and identities of trigonometry can be
 easily remembered In this book also given a left hand image trick with the help of which the value of trigonometric ratios
 between 0 to 90 can be easily remembered In this book also given a trick SOH CAH TOA in height and distance with the help
 of which mostly question of height and distance can be solved easily In the first and second exercises the questions asked in
 the competitions examination have been inserted which will prove to be a very useful in terms of competition examination the
 first and second exercises are also useful for different board exams This book is panacea for students of high school general
 competitions teachers 11th 12th 12th pass out students IIT JEE SAT and Olympiad In this book all the formulae of
