Masculinity in Contemporary Science Fiction by Men Sara Martín, 2025-05-30

Masculinity in Contemporary Science Fiction by Men No Plans for the Future is the first comprehensive study of the self representation of men in SF novels published in the twenty first century by male authors Exploring a broad selection of writers and works the fourteen chapters present a panoramic overview of men s contributions to current SF and explore their slow but noticeable progress in the representation of gender The impact of feminism and gender studies and the demands of readers have profoundly transformed men s SF which now presents far more caring and vulnerable male characters The old stereotypes are being replaced by a collective reflection on how men and masculinity are changing though the lack of a common agenda results in novels that while exciting and often challenging sometimes miss the chance to imagine a better
