Wildfire Chronicles: Volumes 1-4 [Post-apocalyptic/Zombie horror series bundle] K.R. Griffiths, 2014-09-19 Wildfire Chronicles is the acclaimed horror science fiction series from K R Griffiths This compilation collects volumes 1 to 4 in one bargain package Panic Volume 1 Michael Evans is only in rural St Davids to maintain a low profile after his time spent as a city cop ended in disaster The town is perfect for him isolated A tiny population Virtually no crime Until the night the strange canisters fall from the sky and the town priest starts killing people with his teeth To Michael the bloodbath looks like a murder case that the quiet town s two police officers can t possibly handle But this isn t just a crime scene And the priest is just the beginning Shock Volume 2 The team had been told it would be a straightforward mission enter St Davids now little more than a ghost town retrieve the target and return to base Trouble is the target is a man named Victor and it looks like somebody else got to him first And St Davids is anything but a ghost town Psychosis Volume 3 Michael Evans crippled survivor of the massacre at St Davids has only one goal left to find his young daughter And that means journeying north and discovering that during the five days he spent comatose in an underground bunker the world has changed dramatically And worse it s still changing Struggling to come to terms with a world steeped in shocking violence and ever present danger Michael must adapt quickly to a new reality the virus has already infected the population But it isn t stopping there Mutation Volume 4 The only thing the survivors of the catastrophe in South Wales wanted was a safe place to ride out the apocalypse The castle looked perfect high walls and natural defenses that even the infection could not breach The problem was that someone had beaten them to it Someone who would stop at nothing to maintain control Someone with a dark secret that could change everything Tags Zombie apocalypse Zombies Horror Post apocalyptic Action Dystopian Series Science Fiction Thriller Suspense Wildfire Chronicles **Zombie Seed** P. M. Barnes, 2014-05-18 Zombie Seed is a fast paced series that delivers on everything you expect from the genre while throwing in exciting twists that you won t see coming These zombies are anything but slow which adds extra chaos for those trying to traverse the new post apocalyptic landscape Prepare yourself for a compelling story filled with action and enough suspense to keep you reading all the way to the end *Flat Aesthetics* Christian Moraru, 2022-12-15 Flat Aesthetics seeks to secure a more granular and ontologically demotic handle on the contemporary in American literature While contemporaneity can be viewed as our period Christian Moraru approaches the contemporary as some thing made by things themselves The making of the contemporary is variously restaged by the body of fictional prose under scrutiny here Thus this corpus itself participates in the making of contemporaneity In dialogue with object oriented ontology and various new materialisms Moraru contends that the contemporary does not preexist objects or the novels featuring them it is not their background but an outcome of things self presentation As objects beings or existents present themselves in the present in our now they foster thing configurations that together compose the form of and essentially make the contemporary the present s cultural material signature as Moraru calls it To decipher this signature

Flat Aesthetics provides a cross sectional reading of postmillennial American fiction Discussed are solely post 2000 works by writers who have also established themselves over the past two decades or so from Nicole Krauss Michael Chabon and Ben Lerner to Colson Whitehead and Emily St John Mandel Their output Moraru claims bears witness to the onset of a flat aesthetics in American letters after September 11 2001 Organized into five parts the books canvases objectual constellations of contemporaneity shaped by material dynamics of language museality and display spatiality zombification and thing rhetoric and post anthropocentric kinship *Apocalypse TV* Michael G. Cornelius, Sherry Ginn, 2020-03-27 The end of the world may be upon us but it certainly is taking its sweet time playing out The walkers on *The Walking Dead* have been walking for nearly a decade There are now dozens of apocalyptic television shows and we use the end times to describe everything from domestic politics and international conflict to the weather and our views of the future This collection of new essays asks what it means to live in a world inundated with representations of the apocalypse Focusing on such series as *The Walking Dead* *The Strain* *Battlestar Galactica* *Doomsday Preppers* *Westworld* *The Handmaid s Tale* they explore how the serialization of the end of the world allows for a closer examination of the disintegration of humanity while it happens Do these shows prepare us for what is to come Do they spur us to action Might they even be causing the apocalypse *The Tao of S* Sheng-mei Ma, 2022-06-07 A study of recent shifts in the depictions of Asian cultural stereotypes *The Tao of S* is an engaging study of American racialization of Chinese and Asians Asian American writing and contemporary Chinese cultural production stretching from the nineteenth century to the present Sheng mei Ma examines the work of nineteenth century Sinophobic American writers such as Bret Harte Jack London and Frank Norris and twentieth century Sinophiliac authors such as John Steinbeck and Philip K Dick as well as the movies *Crazy Rich Asians* and Disney s *Mulan* and a host of contemporary Chinese authors to illuminate how cultural stereotypes have swung from fearmongering to an overcompensating exultation of everything Asian Within this framework Ma employs the Taoist principle of yin and yang to illuminate how roles of the once dominant American hegemony the yang and the once declining Asian civilization the yin are now in the twenty first century turned upside down as China rises to write its side of the story particularly through the soft power of television and media streamed worldwide A joint publication from the University of South Carolina Press and the National Taiwan University Press ***Cartographies of Empire*** Myka Tucker-Abramson, 2025-03-18 The road novel is often dismissed as a mundane nostalgic genre Jack Sal and other tedious white men on the road trying to recapture an authentic youth and American past that never existed Yet new road novels appear every year tackling unexpected questions and spanning new geographies from Mexico Brazil Bulgaria Palestine Ukraine and former Yugoslavia Why did the road novel emerge and why does it persist What does it do and why has it traveled so widely Myka Tucker Abramson draws from an archive of more than 140 global road novels from over twenty countries challenging dominant conceptions of the road novel as primarily concerned with American experiences and subjectivities Grounding her analysis in materialist theories of genre

world ecology and commodity frontier frameworks and post 45 American literary studies Tucker Abramson persuasively argues that the road novel is a genre specific to coterminous with and revealing of US hegemony's global trajectory Shifting our focus from Americanness to the fraught geopolitics of US Empire from the car to the built environment through which it moves and from passengers to those left behind Tucker Abramson remaps the road novel elucidating the genre's unique ability both to reveal the violent and vertiginous processes of capitalist modernization and to obfuscate these harsh truths through seductive narratives of individual success and failure *Whiteness at the End of the World* David

Venditto, 2022-07-01 The use of Christian apocalyptic myths has changed significantly over the centuries Initially used by genuinely disenfranchised groups they are used today as a response to more egalitarian treatment of minorities in American society The apocalyptic framework allows the patriarchy to frame itself as the victim who must restore America to a past where white male power went uncontested This kind of white anxiety over increasing minority rights frequently manifests itself in contemporary apocalyptic media which often depicts a white male hero facing a wide array of threatening Others Taking a unique look at the parallels between apocalypticism and American frontier mythology as well as conspiracy theories and the post apocalyptic obsession with repurposed objects *Whiteness at the End of the World* analyzes many well known films from the past fifty years from *Planet of the Apes* to *I Am Mother* It offers unique clearly presented insights into recurring patterns that appear in an extraordinarily ubiquitous genre that has only increased in popularity and whose themes of racial anxiety are increasingly pertinent in our increasingly contentious political climate **Life, Re-Scaled** Liliane

Campos, Pierre-Louis Patoine, 2022-10-11 This edited volume explores new engagements with the life sciences in contemporary fiction poetry comics and performance The gathered case studies investigate how recent creative work reframes the human within microscopic or macroscopic scales from cellular biology to systems ecology and engages with the ethical philosophical and political issues raised by the twenty first century's shifting views of life The collection thus examines literature and performance as spaces that shape our contemporary biological imagination Comprised of thirteen chapters by an international group of academics *Life Re Scaled The Biological Imagination in Twenty First Century Literature and Performance* engages with four main areas of biological study Invisible scales cells microbes and mycelium Neuro medical imaging and diagnosis Pandemic imaginaries and Ecological scales The authors examine these concepts in emerging forms such as plant theatre climate change art ecofiction and pandemic fiction including the work of Jeff Vandermeer Jon McGregor Jeff Lemire and Extinction Rebellion's Red Rebel Brigade performances This valuable resource moves beyond the biological paradigms that were central to the nineteenth and twentieth centuries to outline the specificity of a contemporary imagination *Life Re Scaled* is crucial reading for academics scholars and authors alike as it proposes an unprecedented overview of the relationship between literature performance and the life sciences in the twenty first century
