Theorising the Contemporary Zombie Scott Hamilton, Conor Heffernan, 2022-05-15 Zombies have become an increasingly popular object of research in academic studies and of course in popular media Over the past decade they have been employed to explain mathematical equations vortex phenomena in astrophysics the need for improved laws issues within higher education and even the structure of human societies Despite the surge of interest in the zombie as a critical metaphor no coherent theoretical framework for studying the zombie actually exists Addressing this current gap in the literature Theorising the Contemporary Zombie defines zombiism as a means of theorising and examining various issues of society in any given era by immersing those social issues within the destabilising context of apocalyptic crisis and applying this definition the volume considers issues including gender sexuality family literature health popular culture and extinction

The Zombie's Rise Lopez Joe Lewis, 2025-01-16 The Zombie s Rise plunges readers into a post apocalyptic world where the shambling dead are merely pawns in a terrifying cosmic game and the key to survival lies not in firepower but in wit Sergeant Elias Thorne hardened by countless battles against the undead in the crumbling ruins of Old Grimsborough faces a threat far more insidious than the ravenous hordes A malevolent Demon s Influence whispers promises of power and oblivion stemming from Azazel a long banished entity stirring in its slumber capable of eroding hope and twisting minds Yet amidst

the pervasive dread a new kind of hero emerges Stanhope a comedian whose stage is now a ravaged world and whose insights prove more potent than any weapon While others cling to conventional combat Stanhope unveils a revolutionary strategy using the absurd logic of jokes and the predictability of zombie behavior to turn the tide His seemingly simple question Why are zombies so bad at hide and seek transforms into a profound lesson in anticipating their movements and exploiting their weaknesses The Zombie s Rise is a gripping darkly humorous tale that redefines the apocalypse blending supernatural horror with ingenious strategy and the power of human ingenuity It s a testament to finding light in the darkest corners revealing that sometimes the most brilliant solutions come from the most unexpected minds leading humanity towards a surprising resilient future

The Zombie's Hunger Lopez Joe Lewis,2025-01-16 The Zombie s Hunger thrusts readers into a post apocalyptic world where the living dead are merely pawns in a darker game and salvation comes not from firepower but from a perfectly terrible pun The landscape is scarred by a relentless zombie plague but a far more sinister force lurks within Blackwood Forest the chilling essence of the Demon s Wrath unleashed by a forbidden summoning ritual Elara driven by a desperate whisper of her missing sister Lyra plunges into this acrid corrupted darkness armed only with a rusty axe and a heart heavy with dread Yet amidst the grim survival an unlikely legend emerges Meet Fitzwilliam Finch a comedian whose stage is now the ruins of a collapsed civilization and whose audience consists of the shambling undead Armed with nothing but a collection of spoons and a seemingly endless supply of excruciatingly bad jokes Fitz concocts a bizarre comedy defense perimeter His braaaains storming puns and rhythmic spoon clanging don t just disorient the ravenous hordes they literally short circuit their decaying brains turning their relentless hunger into bewildered confusion The Zombie s Hunger is a wickedly inventive and darkly humorous tale that defies the grim conventions of the zombie genre It s a testament to the

Romanyshyn, 2019-04-25 In *Victor Frankenstein the Monster and the Shadows of Technology* The Frankenstein Prophecies Romanyshyn asks eight questions that uncover how Mary Shelley's classic work *Frankenstein* haunts our world Providing a uniquely interdisciplinary assessment Romanyshyn combines Jungian theory literary criticism and mythology to explore answers to the query at the heart of this book who is the monster In the first six questions Romanyshyn explores how Victor's story and the Monster's tale linger today as the dark side of Frankenstein's quest to create a new species that would bless him as its creator Victor and the Monster are present in the guises of climate crises the genocides of our god wars the swelling worldwide population of refugees the loss of place in digital space the Western obsession with eternal youth and the eclipse of the biological body in genetic and computer technologies that are redefining what it means to be human In the book's final two questions Romanyshyn uncovers some seeds of hope in Mary Shelley's work and explores how the Monster's tale reframes her story as a love story This important book will be essential reading for academics and students of Jungian
