**The History and Political Transition of Zimbabwe** Sabelo J. Ndlovu-Gatsheni, Pedzisai Ruhanya, 2020-10-21 This book is the first to tackle the difficult and complex politics of transition in Zimbabwe with deep historical analysis Its focus is on a very problematic political culture that is proving very hard to transcend At the center of this culture is an unstable but resilient nationalist military alliance crafted during the anti colonial liberation struggle in the 1970s Inevitably violence misogyny and masculinity are constitutive of the political culture Economically speaking the culture is that of a bureaucratic parasitic primitive accumulation and corruption which include invasion and emptying of state coffers by a self styled Chimurenga aristocracy However this Chimurenga aristocracy is not cohesive as the politics that led to Robert Mugabe s ousting from power was preceded by dirty and protracted internal factionalism At the center of the factional politics was the first family Robert Mugabe and his wife Grace Mugabe This book offers a multidisciplinary examination of the complex contemporary politics in Zimbabwe taking seriously such issues as gender misogyny militarism violence media identity modes of accumulation the ethnicization of politics attempts to open lines of credit and FDI national healing and the national question as key variables not only of a complete political culture but also of difficult transitional politics *A History of Zimbabwe, 1890-2000 and Postscript, Zimbabwe, 2001-2008* Chengetai J. M. Zvobgo, 2009-10-02 This study combines in one volume the history of Zimbabwe from the advent of British settlers in 1890 to 2000 including women s rights and human rights in Zimbabwe It is a political social and economic history The Postscript examines the major developments in Zimbabwe from 2001 to 2008 The two previous major studies on the history of Zimbabwe *The Past Is Another Country* by Martin Meredith London Andre Deutsch 1979 and *The Road to Zimbabwe 1890-1980* by Anthony Verrier London Jonathan Cape 1986 are now out of date This volume brings the historical study of Zimbabwe almost up to the present day *History of Soybean Variety Development, Breeding and Genetic Engineering (1902-2020)* William Shurtleff; Akiko Aoyagi, 2020-06-25 The world s most comprehensive well documented and well illustrated book on this subject With extensive subject and geographic index 152 photographs and illustrations mostly color Free of charge in digital format on Google Books **The Zimbabwe African People's Union, 1961-87** Eliakim M. Sibanda, 2005 This book is an exploration of the political history of insurgency in Southern Rhodesia During the early years of its struggle ZAPU employed non violent means to try and achieve its goal for majority rule and a non racial society Because of the belligerency of the White settler regime ZAPU added the armed resistance to its strategy and went on to build a formidable army Problems escalated and alliances were built and dissolved until tired of being hunted down and butchered the ZAPU leadership decided to merge its party with the ruling party in December 1987 *Past and Present in Zimbabwe* John David Yeadon Peel, T. Phimister, Charles Van Onselen, 1978      *Mugabeism?* Sabelo J. Ndlovu-Gatsheni, 2015-12-26 What is distinctive about this book is its interdisciplinary approach towards deciphering the complex meanings of President Gabriel Mugabe of Zimbabwe making it possible to evaluate Mugabe from a historical political philosophical gender literal and decolonial perspectives It is concerned with capturing various meanings of Mugabeism      **Society, Power, and Land in Northeastern Zimbabwe, ca. 1560-1960** Admire Mseba, 2024-11-12 A little over two decades ago Zimbabwe undertook its Fast Track Land Reform Programme Critics saw it as nothing more than an assault on human and property rights for political expedience by a ruling elite that was fast losing its power In contrast those sympathetic to the land reform program saw it as fundamental to the righting of colonialism's historical wrongs Yet rural displacements at the hands of state actors or of those closely connected to them continue As in the past the continuing land conflicts are mostly understood as the result of the actions of an authoritarian state that exploits its control of land for the political and economic benefit of those who inhabit it These explanations share one thing in common each understands the country's perpetual land questions in terms of the actions or inactions of the colonial or the postcolonial state This book refocuses attention on how regimes of power rooted in kinship gender generation and status have individually and in combination informed access to land in precolonial northeastern Zimbabwe It then examines how these regimes of power interacted with colonial policies to inform the African experience in colonial Zimbabwe Further the book places land and the ability to ensure its fecundity at the center of the making and moderation of precolonial political power and how this power was impacted by the imposition of colonial rule Tracing the dynamics of land and power from precolonial times together with their entanglement with colonial policies is important for this relationship is almost always neglected by both scholars and policymakers drawn to the high drama of colonial and postcolonial politics of land This oversight has real consequences on our understandings of landed inequalities and how they are addressed When Zimbabwe's postcolonial state focused on colonially induced racialized land inequalities its land reform efforts left older forms of landed inequalities based on gender generation and ideas of belonging intact The book which details these inequalities reminds Zimbabweans and others that if the quest for equity espoused in postcolonial land reforms is to be meaningful it must be attentive to both colonially induced inequalities and those enduring disparities that predated were deepened by and outlived colonial rule At the same time Zimbabweans who now live with a postcolonial state that is increasingly centralizing power over land may well learn from past societies creative efforts to limit the authority of their leaders      **Peasant Consciousness and Guerilla War in Zimbabwe** Terence O. **Popular Music Censorship in Africa** Martin Cloonan, 2016-03-23 In Africa tension between freedom of expression and

censorship in many contexts remains as contentious if not more so than during the period of colonial rule which permeated the twentieth century Over the last one hundred years popular musicians have not been free to sing about whatever they wish to and in many countries they are still not free to do so This volume brings together the latest research on censorship in colonial and post colonial Africa focusing on the attempts to censor musicians and the strategies of resistance devised by musicians in their struggles to be heard For Africa the twentieth century was characterized first and foremost by struggles for independence as colonizer and colonized struggled for territorial control Throughout this period culture was an important contested terrain in hegemonic and counter hegemonic struggles and many musicians who aligned themselves with independence movements viewed music as an important cultural weapon Musical messages were often political opposing the injustices of colonial rule Colonial governments reacted to counter hegemonic songs through repression banning songs from distribution and or broadcast while often targeting the musicians with acts of intimidation in an attempt to silence them In the post independence era a disturbing trend has occurred in which African governments have regularly continued to practise censorship of musicians However not all attempts to silence musicians have emanated from government nor has all contested music been strictly political Religious and moral rationale has also featured prominently in censorship struggles Both Christian and Muslim fundamentalism has led to extreme attempts to silence musicians In response musicians have often sought ways of getting their music and message heard despite censorship and harassment The book includes a special section on case studies that highlight issues of nationality

Becoming Zimbabwe. A History from the Pre-colonial Period to 2008 Brian Raftopoulos, Alois Mlambo, 2009-09-15 Becoming Zimbabwe is the first comprehensive history of Zimbabwe spanning the years from 850 to 2008 In 1997 the then Secretary General of the Zimbabwe Congress of Trade Unions Morgan Tsvangirai expressed the need for a more open and critical process of writing history in Zimbabwe The history of a nation in the making should not be reduced to a selective heroic tradition but should be a tolerant and continuing process of questioning and re examination Becoming Zimbabwe tracks the idea of national belonging and citizenship and explores the nature of state rule the changing contours of the political economy and the regional and international dimensions of the country s history In their Introduction

Brian Raftopoulos and Alois Mlambo enlarge on these themes and Gerald Mazarire's opening chapter sets the pre colonial background Sabelo Ndlovu tracks the history up to WW11 and Alois Mlambo reviews developments in the settler economy and the emergence of nationalism leading to UDI in 1965 The politics and economics of the UDI period and the subsequent war of liberation are covered by Joseph Mtisi Munyaradzi Nyakudya and Teresa Barnes After independence in 1980 Zimbabwe enjoyed a period of buoyancy and hope James Muzondidya's chapter details the transition from buoyancy to crisis and Brian Raftopoulos concludes the book with an analysis of the decade long crisis and the global political agreement which followed

**Private Print Media, the State and Politics in Colonial and Post-Colonial Zimbabwe** Sylvester Dombo, 2017-10-14 This book examines the role played by two popular private newspapers in the struggle for democracy in Zimbabwe one case from colonial Rhodesia and the other from the post colonial era It argues that operating under oppressive political regimes and in the dearth of credible opposition political parties or as a platform for opposition political parties the African Daily News between 1956 1964 and the Daily News between 1999 2003 played an essential role in opening up spaces for political freedom in the country Both newspapers were ultimately shut down by the respective government of the time The newspapers allowed reading publics the opportunity to participate in politics by providing a daily analytical alternative to that offered by the government and the state media in relation to the respective political crises that unfolded in each of these periods The book further examines both the information policies pursued by the different governments and the way these affected the functioning of private media in their quest to provide an ideal public sphere It explores issues of ownership funding and editorial policies in reference to each case and how these affected the production of news and issue coverage It considers issues of class and geography in shaping public response It also focuses on state reactions to the activities of these newspapers and how these in turn affected the activities of private media actors Finally it considers the cases together to consider the meanings of the closing down of these newspapers during the two eras under discussion and contributes to the debates about print media vis vis the new forms of media that have come to the fore

Guns and Guerilla Girls Tanya Lyons, 2004 The history of women guerilla fighters in the Zimbabwean National Liberation war 1965 80 this book provides an examination of the many different groups of women who joined the armed struggle and contributes to a feminist understanding of Zimbabwe and African history and politics Most previously published accounts of this event in history have tended to focus on the feminine or natural role women played in it ignoring the experiences of female guerilla fighters This book redresses the balance giving voice to a previously unsung group of women
