Multidisciplinary Perspectives on Zimbabwe's Liberation Struggle Munyaradzi Nyakudya, Wesley Mwatwara, Joseph Mujere, 2022-11-15 This book provides a timely reconceptualization of Zimbabwe s anti colonial liberation struggle resisting simple binaries in favour of more nuanced critical analysis Most historiographies characterize Zimbabwe s liberation struggle as being defined by simple bifurcations along racial ethnic class and ideological perspectives This book argues that the nationalist struggle is far more complex than such simple configurations would suggest and that many actors have been overlooked in the analysis The book broadens our understanding by analysing the roles of a wide range of political figures organizations and members of the military as well as the media and the often overlooked part that women played Over the course of the book the contributors also reflect on the ways in which revolutionary figures have been repainted as sellouts in particular by the ZANU PF ruling party and what that means for the country s interpretation of their recent past Highlighting in particular the expertise of leading scholars from within Zimbabwe across a range of disciplines this book will be of interest to researchers of African history politics and postcolonial studies

Zimbabwean Literature in African Languages Emmanuel Chiwome, Zifikile Mguni, 2012 The scope of this book is Ndebele and Shona literature with emphasis on post independence publications African literature in English has received more critical attention than literature in indigenous languages The former has occupied centre stage as representing national literature while modern literature in indigenous languages occupies the intermediate lower stratum that is accorded to national languages in the colonial and post independence eras The objective of the study is to combine some of the different genres of literature in indigenous languages

in an attempt to understand them on the basis of their common history and culture While colonialism has promoted and interpreted differences among Zimbabwean ethnic communities as evidence of polarisation the authors here view African language literatures as parts of one great whole Language Matters in Contemporary Zimbabwe Collen Sabao, Esther Mavengano, 2024-06-17 Speaking to a broader global preoccupation with the state of languages and language development this book considers issues surrounding the diverse languages linguistic communities and cultures of Zimbabwe Reflecting on Shona Xitsonga Sotho Xhosa Tjwao Nambya IsiNdebele Nyanja Tshivenda English and Braille the book uncovers both the internal and external factors that impact language structures language use and language ideologies across the country The book considers how colonial legacies and contemporary language domination and minoritisation have led to language endangerment It considers the fate of communities whose languages are marginalised and in the process poses questions on what can and should be done to preserve Zimbabwean languages The authors offerings range across subjects as diverse as music linguistic innovation education human rights literature language politics and language policy in order to build a rich and nuanced picture of language matters in the country Coming at a critical moment of increasing mobility migration cultural plurality and globalisation this book will be an important resource for researchers across African literature linguistics communication policy and politics Using Poetry for Economic Analysis Ky-Hyang Yuhn, 2023-09-26 This book is innovative in methodology novel in ideas and rich in contents The book is the first attempt to amalgamate economics with poetry mythologies novels paintings and movies that pertain to economic subjects It presents the principles of economics in a systematic manner but in plain and lyrical English Through analysing real world issues using solid economic theory and literary prose the topics discussed in the book allow for a straight to the point analysis which can be used by all The book serves as a guide to college undergraduate and MBA students who are beginning to study economics and as a navigator to lay readers including financial practitioners fund managers and portfolio investors who need economics knowledge in their chosen fields The book introduces 22 European American Chinese Japanese and Korean poems which are related to economic subjects *Mobility in Contemporary Zimbabwean Literature in English* Magdalena Pfalzgraf, 2021-06-29 This monograph explores the concept of mobility in Zimbabwean works of fiction published in English between the introduction of the controversial Fast Track Land Reform Programme and the end of the Mugabe era Since 2000 Zimbabwe has experienced unprecedented levels of transnational out migration in response to the political conflicts and economic downturn often referred to as the Zimbabwe Crisis This in turn has led to an increased outpouring of literary texts about migration both in locally produced texts and in works by authors based in the diaspora Situating Zimbabwe s recent literary developments in a wider context of Southern African writing and history this book focuses on texts that portray movement within Zimbabwe s cities between village and city to South Africa and overseas The author examines important developments and trends in recent Zimbabwean literature investigating the link between state authoritarianism and control of mobility and literature s

potential to intervene into dominant political discourses The book includes in depth analyses of ten recent works of fiction published in the post 2000 era and develops mobility as a key category of literary analysis of Zimbabwe s contemporary literatures Setting out a rich dialogue between literary criticism and mobility studies this book will be of interest to researchers of African literature Southern Africa migration and mobility

Struggling to Make the Grade: A Review of the Causes and Consequences of the Weak Outcomes of South Africa's Education System Mr.Montfort

Mlachila,Tlhalefang Moeletsi,2019-03-01 While South Africa has made significant improvements in basic and tertiary education enrollment the country still suffers from significant challenges in the quality of educational achievement by almost any international metric The paper finds that money is clearly not the main issue since the South Africa s education budget is comparable to OECD countries as a percent of GDP and exceeds that of most peer sub Saharan African countries in per capita terms The main explanatory factors are complex and multifaceted and are associated with insufficient subject knowledge of some teachers history race language geographic location and socio economic status Low educational achievement contributes to low productivity growth and high levels of poverty unemployment and inequality Drawing on the literature the paper sketches some policy considerations to guide the debate on what works and what does not

Manning the Nation. Father Figures in Zimbabwean Literature and Society

Z. Muchemwa,Robert Muponde,2008-01-15 Gender studies in Zimbabwe have tended to focus on women and their comparative disadvantages and under privilege Assuming a broader perspective is necessary at a time when society has grown used to arguments rooted in binaries colonised and coloniser race and class sex and gender poverty and wealth

patriotism and terrorism etc The editors of *Manning the Nation* recognise that concepts of manhood can be used to repress or liberate and will depend on historical and political imperatives they seek to introduce a more nuanced perspective to the interconnectivity of patriarchy masculinity the nation and its image The essays in this volume come from well respected academics working in a variety of fields The ideals and concepts of manhood are examined as they are reflected in important Zimbabwean literary texts However if literature provides a rich vein for the analysis of masculinities what makes this collection so interesting is the interplay of literary analysis with chapters that provide a critical examination of the ways in which ideals of manhood have been employed in for example leadership and the nation as a justification for violent engagement in the field of AIDS and HIV etc *Manning the Nation* Father figures in Zimbabwean literature and society sets the stage for a fresh and engaging discourse essential at a time when new paradigms are needed *Bodies and Voices* Anna Rutherford, European Association for Commonwealth Literature and Language Studies. Conference, 2008 The articles investigate representations in literature both by the colonizers and colonized Many deal with the effect the dominant culture had on the self image of native inhabitants They cover areas on all continents that were colonized by European countries

Literary Crossroads Blessing Diala-Ogamba, Elaine Sykes, 2014-11-06 This book explores the different ways women have been liberating themselves from the shackles of patriarchy and cultural laws that inhibit their independence and freedom to show that women are also contributing meaningfully to society Women have worked to attain freedom through speaking out writing memoirs fiction plays poetry and essays The creative experiences of women are captured in this book thus fulfilling the book's aim to give women voices to air their views and show that they are effectual members of society The book examines the roles played by patriarchy religion and socioeconomic and political systems that keep women to the background It also examines the issue of education otherhood marginalization cultural imposition and the diverse positions of women in local and international affairs The book testifies that women's literature and the stories of women all over the world can be appreciated and viewed from different perspectives because of the diverse cultural environment in which women find themselves This confirms that the issue of marginalization suppression and oppression of women are on going problems in different societies around the world **The Zimbabwe Librarian**, 1979 **American Universities and Colleges** James J. Murray, 2021-06-21 No detailed description available for American Universities and Colleges
