Seinz, **Food Production/management**, 1986 Critical Biopolitics of the Post-Soviet Andrey Makarychev, Alexandra Yatsyk, 2019-11-29 This book is a critical attempt to cast a biopolitical gaze at the process of subjectification of Russia, Ukraine, Georgia and Estonia in terms of multiple and overlapping regimes of belonging, performativity and de bordering. The authors strive to go beyond the traditional understandings of biopolitics as a set of policies corresponding to the management and regulation of pre-existing populations. In their opinion, biopolitics might be part of nation building, a force that produces collective political identities grounded in the acceptance of sets of corporeal practices of control over human bodies and their physical existence. For the authors to look critically at this biopolitical gaze on the realm of the post-Soviet means also to rethink the correlation between the biopolitical vision of the post-Soviet and the biopolitical epistemology on the post-Soviet which would demand a new vocabulary. The critical biopolitics might be one of these vocabularies which would fulfill this request. **Radical Christian Voices and Practice** Zoë Bennett, David B. women as consumers not producers New technologies as promoted by agricultural extension agents and by home appliance manufacturers were expected to create separate spheres of work in the field and in the house These innovations however enabled women to work as operators of farm machinery or independently in the rural community Jellison finds that many women preferred their productive roles on and off the farm to the domestic ideal emphasized by contemporary prescriptive literature A variety of visual images of farm women from advertisements and agricultural publications serve to contrast the publicized view of these women with the roles that they chose for themselves The letters interviews and memoirs assembled by Jellison reclaim the many contributions women made to modernizing farm life Originally published in 1993 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
