

ZOMBIES OF THE WORLD

A Field Guide to the Undead

The clothes of the Dancing Zombie are always indicative of their style of dance and are virtually always in good condition and taste. How they find these clothes is a mystery.

Despite their speed and agility, this species has never been known to chase after humans. However, their dancing may be misinterpreted as an act of aggression.

May Stone, 2023-08-02 Challenging the human understanding of life and death the zombie figure represents a fragmentation of personhood From its earliest appearances in literature the zombie characterized a human being that was no longer an indivisible whole embodying the ontological debate over which elements of personhood are most uniquely human Through its literary evolution the zombie's missing element gradually approached a finer definition as narratives moved beyond highlighting metaphysically opaque concepts like soul or will Studying over a century of American literary history this book explores how zombies translate cultural concepts and definitions of personhood Chapters detail how literary zombies have long presented narratives of American cultural self examination
