Manual Drilling Technology C. P. Chugh, 1985 *DOC Travel Handbook*, 1985 A Bank-operated Traveling-block Cableway for Stream Discharge and Sediment Measurements James J. Paradiso, 2000 Streams often present a challenge for collecting flow and sediment measurements on a year round basis Streams that can normally be waded become hazardous during seasonal flows either endangering hydrographers or precluding data collection completely A hand operated cableway permits the accurate and safe collection of discharge and sediment data from the stream bank This system provides a low cost safe alternative to cable cars or operation from bridges during high runoff This publication describes the construction and use of a cableway system Included are figures describing parts and dimensions installation methods and field operations
