F.S.P. Arthur Gwynn-Browne, 2017-07-24 I am in the F S P F S P stands for Field Security Personnel That is the authorized version So begins this remarkable account of six months service with the British Expeditionary Force in France up to and including the terrible retreat to and evacuation from the beaches of Dunkirk at the end of May 1940 Absorbing affecting thrilling often funny this book is very different from other war memoirs It was the first on the ground account of Dunkirk to be published in 1942 and lacks nothing in the immediacy of its telling The narrative is gripping and the style is

revolutionary immersing the readers in the emotional and psychological turbulence of the author's experience and making them feel they are living through it themselves The result is a stunningly authentic and involving record of one of the defining episodes of twentieth century British history Editor N H Reeve provides a lucid critical and biographical Afterword and includes two extracts from an unfinished work by Gwynn Browne in which his idiosyncratic stream of consciousness style is used to describe the London Blitz and the mood of the civilian population in wartime **The Builder**, 1877 **Strategy**

What you can do when you cannot leave Ciro Discepolo, 2009 English speaking readers fond of Astrology already know the Author thanks to his previous works Transits and Solar Returns and Lunar Returns and Earth Returns which have also been translated into several other languages In a practice of almost forty years of astrological research the Author has studied and guided over twenty thousand aimed birthdays he has also published a dozen books specifically on Solar Returns and Lunar Returns This is his fifth work in English two of them can be downloaded free from his webpage www.cirodiscepolo.it In this volume Ciro Discepolo deals with the second resource on which his Active Astrology is based the first one being the aimed birthday the so called exorcism of symbols In these pages the Author suggests to the Reader about what can be done when you cannot aim i.e. actively relocate your birthday either your Solar or Lunar Return by a practical application of the notion of activating or constellating a symbol For example Ciro Discepolo claims that if you can not leave for an aimed birthday to avoid Saturn being placed in the 5th House of your next Solar Return during the twelve months covered by the SR you had better devote more time to your kids help them in their studies or in their sporting activities pay the fee to enrol them in a course perhaps

abroad where they could learn new subjects and or nurture and improve their condition in a broad sense Planet by planet House by House this volume contains all the suggestions of the Author on the exorcism of symbols a useful practice also in the case you do relocate your Solar and or Lunar Returns for example if you have willingly left some dissonant position in your map of Aimed SR or of Aimed LR and you wish to lower the threshold of risk a little more The volume also explains the philosophical and psychological roots justifying the practice of the exorcism of symbols **"I Just Want To Be Loved!"**
