In the background, there is a dense forest of tall trees with lush green foliage. The overall atmosphere is peaceful and natural.

develop the skills necessary for cost effective therapeutic results **God's Absence and the Charismatic Presence** Roy D. Kindelberger,2017-05-17 The author s theological inquiry is intended to raise questions of interpretation within the camp of openness theology and to direct a discussion on the implications of this movement for the charismatic Pentecostal community Open theism or openness theology affirms that the universe is open the future is not settled God is essentially relational love and the risks of love and the threats against it are real The author digs deep into this area of doctrine in order to question how far openness theology is willing to go Is it only the future that is open to God or are there perhaps unknown aspects to the past and present as well What does God know about sin and when does he know it Is it possible for God to be totally absent from a person s life or even from an entire nation If God can be absent can he also be exceptionally present in the lives of believers What would the divine presence and the charismata spiritual ministries look like in an open universe

Overcoming OCD and Schizophrenia with God in My Life Chip F. Correll,2000-09-06 This book is an autobiography of one man s struggles with mental illnesses with God in his life The style is that of a personal journal letting the readers into the mind and soul of the author Overcoming OCD and Schizophrenia strips down the barriers of fear and stigma and allows their story to be heard for the benefit of understanding About to unfold before you is the story of one man s struggle with mental illness It is an eye opening account of the courage it takes to live with mental illness on a daily basis Perhaps it could be said that the ultimate act of generosity is sharing one s inner self You the reader are about to receive the gift of insight This is Chip s story Enjoy *The Nine Veils* Nicholas Matthews,2019-09-10 From the Author My God is kind compassionate merciful and he loves me Yet there are questions that arise there are accounts of God that seem contradictory to my simplicity and there are accusations against God that can leave me struggling for an explanation At times I ve been confused by the concept of God s love and the reality of life and there often existed a dichotomy between the two I wrote this book after numerous conversations with friends who regardless of their spiritual journey have experienced similar thoughts or have simply ignored some of the hard questions of life and faith Common societal thinking in many areas is moving towards a position where people regard God as an outdated fairy tale with a sinister undertone leading to apathy or resentment towards God This is far removed from my notion of a living and loving God who is kind compassionate and merciful Embarking on my personal journey of discovering God s reputation I have a hunch that I m not alone I need to explore God and find comfort with the answer Would you join me on this journey of discovery Maybe all the dots haven t been joined and some of the joined dots remain open to interpretation yet the line I ve used to join the dots is what I know of the underlying nature and character of God **The Open Door** Arjang Mirzadegan,2021-07-11 Arjang s unique experience of the spiritual realms will intrigue any reader to help recovering their true identity The book integrates hallucinogenic experiences health consciousness shape shifting connection to Christ the Ascended Masters and Mother Earth *The God-Shaped Heart* Timothy R. MD Jennings,2017-09-05 The key to spiritual and emotional health is to grasp the truth of God s transforming love

for us and then let that reality influence our own hearts and relationships It seems simple but we are experts at complicating simple things Instead of living lives characterized by love we find ourselves trapped in cycles of shame violence and addiction that steal our joy and keep us from loving others so much so that by all indications Christians are living no differently than anyone else when it comes to abuse rates use of pornography alcohol and drug addiction and more Christian psychiatrist Dr Timothy Jennings wants to release us from this prison With powerful illustrations from case studies and from Scripture Jennings shows believers who are stuck in addiction violence fear and broken relationships how to experience true freedom through God s transforming love to experience greater health fulfillment and well being

I Promised God Dinny Lawrance, 2005 I Promised God is a true human interest story It deals with a family s anguished unyielding fight to save a son from the worst that life can deal us Yet it is also a story of survival My hope as the author and mother of a courageous son whose life was lost for two decades is that in sharing our family s story with others they might find strength in it for their own lives The story covers the complex environment of my oldest son s early years his developing character of kindness and positive influence strikingly evident until he reaches adolescence when his promising young life is suddenly dead ended by circumstances beyond his understanding or control The reason for writing this story is to fulfill a promise I made to God at a dark seemingly hopeless moment It is my desire that by revealing an intimate chronicle of our lives I might reach someone who is suffering and in need of the means that helped me maintain the emotional intellectual and physical energy to cope with prolonged disaster And through the story I hope to send the reader a personal message Even if you are often alone desperately trying to help your loved one find and indulge in activities that sooth you and give you peace You will regenerate strength to persevere for your loved one and help other family members meet their needs as well I believe that God gave us each other so that no one need ever walk or cry alone
