and economic approaches this book inquires into the possible objectives of Article 102 TFEU and proposes a modern approach to interpreting abuse In doing so this book establishes an overarching concept of abuse that conforms to the historical roots of the provision to the text of the provision itself and to modern economic thinking on unilateral conduct This book therefore inquires into what Article 102 TFEU is about what it can be about and what it should be about regarding both objectives and scope The book demonstrates that the separation of exploitative abuse from exclusionary abuse is artificial and unsound It examines the roots of Article 102 TFEU and the historical context of the adoption of the Treaty the case law policy and literature on exploitative abuses and where relevant on exclusionary abuses The book investigates potential objectives such as fairness and welfare as well as the potential conflict between such objectives Finally it critically assesses the European Commission s modernisation of Article 102 TFEU before proposing a reformed approach to abuse which is centred on three necessary and sufficient conditions exploitation exclusion and a lack of an increase in efficiency
