

- Longer, detachable power-supply cords or extension cords are available and may be used if care is exercised in their use. While use of an extension cord is not recommended, if you must use one, the marked electrical rating of the detachable power-supply cord or extension cord should be at least as great as the electrical rating of the appliance. If the appliance is of the grounded type, the extension cord should be a grounding-type 3-wire cord. The cord should be arranged so that it will not hang over the counter top or tabletop where it can be pulled by children or tripped over.
