Using Art to Teach Writing Traits Jennifer Klein,Elizabeth Stuart Whitehead,2018-11-23 Our purpose for writing this book is so that children can become better communicators by expressing their thoughts feelings and ideas The ability to communicate is a universal goal in society If

children can better communicate in their speaking and writing clearer more precise messages will be received and communication around the world will be strengthened The writing traits are a way for teachers and children to discuss and analyze written pieces for strengths and needs in order communicate their thoughts and expresses their ideas through writing in a way that touches their audience Adding art into this established process will allow children to learn about the writing traits in a text free environment before applying the traits to their own writing Children will learn how artists communicate their thoughts feelings and ideas and how the traits that writers use are similar to the traits that artists use in order to better communicate express themselves and process the world around them In addition we will discuss the revision and editing process Art is an exciting and engaging subject for students This book will allow children to transfer their knowledge of how artists use the traits to how writers use the traits and then to how they can utilize the traits in their own writing to better communicate with their audience and process the world around them

Dimes from Heaven Monica L. Morrissey, 2019-02-27 When people die are they ever truly gone I had heard the saying pennies from heaven before but my coins from heaven seemed to be dimes Was my father actually sending me dimes to show me he wasn't really gone My mother seemed to be sending pennies all the time but my dad was pretty clever Everyone around me knew that I was sensitive but it took me writing about a few special dimes to discover what it meant to be an empath Along with the messages from Heaven I share how I am listening to the positive voice inside my head This book is about so much more than dimes yet without them I wouldn't have written it
