

National Student Financial Aid Scheme (NSFAS)

NSFAS is a **government loan scheme**, with the added incentive of a bursary conversion (maximum of 40%) depending on academic performance.

- If you do well, 40% of this can be converted to a bursary!!
 - If you fail, you will have to pay back EVERYTHING!
-
- **Academically deserving and financially needy students** have the opportunity to apply for a loan from NSFAS, part of which can be converted to a bursary, subject to academic results.
 - Loans do not always cover tuition fees and other study costs in full. The amount of the loan is determined, among other things, by the family's financial need and the student's cost of study.
 - Application forms available online: www.nsfas.org.za

Women, Economic Development, and Higher Education Diane E. Eynon, 2017-06-19. This book is a multi disciplinary exploration of the intersection relationship and connection between higher education, economic development and gender in post Apartheid South Africa. In just twenty years South Africa has rewritten its constitution, restructured its macroeconomic growth and development policies, restructured its higher education system and made a commitment to provide opportunity for all its citizens, specifically those who have historically been marginalized women and blacks. Eynon weaves together these unique perspectives to illustrate how these multiple domains map onto women and the critical role they play in the present and future of the country. Gender equality and women's empowerment and education were considered key drivers to South Africa's transformation.

Higher Education Pathways Ashwin, Paul, Case, Jennifer M., 2018-12-14. In what ways does access to undergraduate education have a transformative impact on people and societies? What conditions are required for this impact to occur? What are the pathways from an undergraduate education to the public good, including inclusive economic development? These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent. Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society. Undergraduate education is seen as central to
